

NEW A-P STORE TO BE BUILT AT \$150,000 COST

A new A and P store will be erected in Gettysburg within the next five months, it was announced today by George W. and Mae E. Olinger, of 137 S. Washington St. Ground is expected to be broken some time next week.

The new structure, air conditioned and of colonial design, brick construction, will cost approximately \$150,000. It will be 100 feet wide and 125 feet deep comprising 12,500 square feet.

The new building will be erected on the lot owned by the Olingers between W. High St. and Breckenridge St., and will front on West St. The front will be of glass with magic eye doors. An outside area will be covered with a canopy to provide for parcel pick-up service. Customers will not have to carry their parcels from the store to their cars.

A parking area will be laid along the area fronting on W. High and West Sts. with a capacity for 117 cars for A and P patrons.

Charles Scribner and Sons, of Baltimore, are the contractors.

"The building will be modern in every respect. It will be fireproof, with tile floors and will be built to conform with the needs of the food firm. A long term lease has been signed.

"The contractors will use local labor and materials wherever possible," Olinger said.

The building will be one story high. The interior will have a mezzanine floor where the men's and ladies' wash and rest rooms will be located.

COMPETES FOR COOKING TITLE IN UNIONTOWN

(See Photograph on Page 4)

Mrs. Esther C. Feeser, 343 S. Queen St., Littlestown, this district's "Mrs. America" winner, today completed in Washington, Pa. for the "Mrs. Manufacturers Light & Heat Co. title.

The 30-year-old housewife, earlier named "Mrs. Adams County," must defeat four other district finalists for the company crown.

If successful today, her next step is the "Mrs. Pennsylvania" contest in Pittsburgh April 17-19. The state winner receives an expense-paid trip with her husband to Ft. Lauderdale, Fla. for the national "Mrs. America" finals.

At Washington this morning, Mrs. Feeser, wife of John Feeser Jr., prepared her favorite full course meal for four. In addition, she answered laundry and sewing quizzes, underwent a personal interview by the judges and a test on her ability to use a microphone.

Mrs. Feeser arrived in Washington Tuesday night with Miss Lee Ann Leaphart, Manufacturers' home economist here. She will attend a banquet there tonight at which time "Mrs. Manufacturers" will be named.

A blue-eyed brunette, Mrs. Feeser is active in Littlestown community affairs. She won the Adams County title at a contest held in Uniontown, Pa., last week.

She is rated highly for her cooking and homemaking talents, poise and personality. She has one child, a four-year-old son, John III.

Red Cross Reunites Girl, 14, And Family

The Adams County Red Cross secretary, Mrs. Peggy P. Hill, today had the heartfelt thanks of a Coeburn, Va., couple who had been "frantic" about the whereabouts of their 14-year-old daughter until they were contacted by the Red Cross here and told the girl was safely on her way home on a bus ticket provided by the Red Cross.

When a Boston salesman, who was formerly a social worker, picked up a hitch-hiking girl and brought her to Gettysburg a few days ago, he delivered her to the Red Cross office for help and the benefit of the Travelers' Aid service available there.

Mrs. Hill discovered the police of several states were looking for the girl who claimed she was 18 and said she was bound for California and fame in television. The Red Cross provided overnight lodging, contacted the parents and next day started the girl back to Coeburn where she was met by her overjoyed parents. The Travelers' Aid funds were used here for the girl's benefit will be repaid in Virginia by the girl's parents.

EXCHANGE CLUB ANNIVERSARY IS OBSERVED HERE

Approximately 40 Exchangeites, their wives, and guests attended the annual Ladies Night and charter night of the national and local Exchange Club at Bankert's Restaurant Tuesday evening at 7 o'clock. An anniversary cake signifying the 47th anniversary of the national Exchange and the 8th year of the local club was cut by John Codori.

John J. Slentz, district governor, installed the newly elected officers. They are: President, Donald Joseph; vice president, Phil Neth; secretary, David Rutters; treasurer, Alex Chritzman; board of control, Robert Ziegler, N. A. Meligakes, Robert Saylor, and Hugh Scott, who was not present.

Past President Carl Prosser introduced the guests, Judge and Mrs. W. C. Sheely, Mr. and Mrs. Paul L. Roy, and presented Judge Sheely with silver cuff-links, embossed with the seal of his profession.

Slentz presented Past President Prosser and Past Secretary Crosby Hartzell with a pin of their offices.

President Joseph announced they will be no meeting next Tuesday evening because of Holy Week.

Slentz, the only member of the local club to be named district governor, gave a brief outline of the founding of the national Exchange in Detroit in 1911 which eventually grew into "the largest service club in the country."

He said it came about after a number of Detroit business men had met several times to "exchange ideas" on business development.

He cited the slogan of the organization "United For Service" as the basis for the many projects the club strives to undertake and accomplish each year.

SOROPTIMISTS HOLD SESSION TUESDAY NIGHT

At a meeting of the board of directors of the Gettysburg Soroptimist Club in the Adams Electric Co-operative room Tuesday evening, Mrs. Mary Ramer Eberhart, corresponding secretary, was appointed to the office of recording secretary during the two-month leave of absence granted to Miss Rebecca Sachs.

RED CROSS TO DISCUSS TERMS WITH "CHEST"

The Adams County Chapter of the Red Cross will resume discussions with the Gettysburg Community Chest on terms under which the Red Cross could become a member of the Chest for the fund campaign in October.

That decision was voted by the chapter directors at their meeting Tuesday evening at Bruea Lounge after a long discussion in which Henry Blose, a representative from the area office of the Red Cross, joined.

Mr. Blose reviewed for the chapter directors an agreement form for Red Cross participation in the Community Chest which would be acceptable to the area Red Cross office. The negotiations with the local Chest will be handled by the Red Cross' Finance committee headed by Col. Edwin H. Johnson.

Have \$5,000 In Drive

The current fund drive of the Red Cross with a goal of \$17,620 is progressing better than the drive a year ago, Mrs. Harold R. Street, campaign chairman, told the board. Approximately \$5,000 has been turned in as compared to about \$3,000 on the same date last year.

A district-by-district report compiled by Mrs. Street showed the Gettysburg business district already has turned in \$1,418; Gettysburg residential, \$1,120; New Oxford, \$449; north and south Gettysburg, \$338; Biglerville, \$253, and \$209 from clubs and organizations. All of these division reports are incomplete, she said.

Chapter Chairman George W. Naugle presided at the meeting with about 15 present.

Home Service For Many

The monthly report on Home Service work by the Red Cross showed 194 office calls in the last month involving 11 servicemen, five veterans, and six civilians. Financial assistance was given in three cases and there were two meal tickets, two overnight lodgings, three home visits, a food order and seven verifications for emergency leaves for servicemen.

The date for the April meeting of the board was not announced. Refreshments were served at Tuesday's meeting.

Middle St. There will also be a meeting of the Home Association. After the business, a film of last year's World Series games will be shown.

Mother And Five Children Perish In Farm House Fire

COLUMBUS, Ohio (AP)—A young mother and five children perished today in an early morning fire in a two-story frame house here, police reported.

The house was ablaze when firemen reached the scene. They had to wait until there was practically nothing left of the home but a shell before going in to remove the bodies.

The dead were identified by police as James Larry George, 12; Barbara Ellen George, 11; and Glenn George, 7, children of Mr. and Mrs. James J. George; and Mrs. Betty George Gallagher, 25, daughter of the Georges, and her two children, Deborah, 3, and Jimmy, 2.

George himself escaped the blaze but was hospitalized for treatment of burns.

He told police he was sleeping with his two sons when the fire broke out. He put the boys out on the porch roof but they apparently were driven back inside by flames which quickly enveloped the house.

George, 50, said he fell down a flight of stairs going to the first floor and got out through a bathroom window. Firemen said he suffered first, second and third degree burns over 50 per cent of his body.

They said Mrs. Gallagher was separated from her husband. Mrs. George was staying at a relative's house when the fire broke out.

Two Hurt, Driver Charged In Crash

Two persons were injured Monday afternoon in a collision of two automobiles at the intersection of Routes 34 and 94 at Mt. Holly Springs.

Mrs. Edith S. Harner, 65, Emmitsburg, was admitted to Carlisle Hospital with scalp lacerations, contusions of the chest and left arm. She was a passenger in a car operated by her husband, Charles, who escaped injury.

Alvin E. Groupe, 63, Biglerville R. 2, driver of the other car, was treated at the hospital for contusions of the knees.

State police reported Harner, traveling north, failed to stop at the stop sign at the intersection and his car collided with Groupe's auto.

Harner will be charged with failure to stop at a stop sign before Justice of the Peace Luther Peterson, Mt. Holly Springs, police said. The damage to the two cars was placed at \$1,000.

UNITED PLANS EXPANSION AND SERVICE WORKS

A service expansion and construction program to cost nearly five and three quarter million dollars this year was announced today by L. R. Thurston, president of The United Telephone Company, who reported that United's 1958 budget, the largest in the history of the company, is over one million dollars, greater than 1957 capital expenditures.

"In keeping with the United's overall policy of continuing company wide service improvement and expansion, projects have been budgeted in sixty different exchange areas. The program which includes everything from line extensions, to replacement of open wire lines with miles of storm proof cable and from central office additions to dial conversion is well underway. Of twelve new dial exchanges scheduled to be placed in service this year, one is already in operation and two will become operative Sunday. Two more will go into service during April and two additional exchanges will convert to dial in May," Thurston said.

COMMISSIONERS CONSIDER NEW BUILDINGS AT COUNTY HOME

The Adams County Commissioners at their meeting this morning at the court house voted to call in the advisory committee they had set up for the county home to consider the possibility of new construction at the home rather than renovation of existing buildings.

The meeting of the commissioners with the advisory committee will take place in about three weeks in order to permit Architect Paul Long, Harrisburg, to complete perspective drawings of the proposal which he presented to the commissioners this morning.

Long, representing the architectural firm of Starr and Long, had been called in by the commissioners some months ago to begin plans for renovation of the county home in line with suggestions made by the advisory committee last December.

Proposes One-Story Plant

This morning Long not only showed plans for renovation, but also displayed preliminary drawings for new construction, of a one-story building, to replace present old buildings at the home, which he said could be done "at about the same price as reconstruction" according to preliminary estimates.

A new one-story U-shaped structure could be built in sections, he said, in accordance with the original plan of spreading the renovation work over a period of years so that there would be no need for the county to borrow money—only as much will be done each year as sums on hand allow.

The commissioners, noting "we want to get this started as soon as possible," also held that "if we can get a new building for about the same price we'll be better off."

May Start This Summer

While showing interest in the new proposal, the commissioners also held that they want the opinion of the advisory committee—which made the original suggestions—before making such a drastic change in plans. Long promised to have drawings ready within three weeks, and the commissioners voted to hold a joint meeting with the advisory committee at that time to seek the opinion of that group on the new idea.

Discussion between the commissioners and Long indicated that construction may begin this summer either on renovation or new construction, depending on the results of the meeting three weeks from now.

Six Per Cent Of Total Cost

With the preliminary work well underway, the commissioners signed a contract with Starr and Long to provide payment to the architect firm for its work at six per cent of the cost of construction over a period of years. The contract calls for payments to the firm at the completion of various phases of the work, rather than in one lump sum for all of the work.

Approval was given by the commissioners for county aid to Arendstone totaling \$298.32 covering stone for streets in the borough.

IN CRASH TODAY

Samuel Staley, Gettysburg R. 2, an employee at the Towne Restaurant, Carlisle St., was reported involved in an auto accident this afternoon near Two Taverns. Staley was said to have been driving on the Littlestown Rd. when another auto entered the highway from the Hoffman Orphanage Rd. and the two vehicles collided.

C. HOLOKA, 52, DIES SUDDENLY

Charles Holoka, 52, Gettysburg R. 1, died suddenly Tuesday evening about 6 o'clock of a heart attack. He had been under a physician's care.

A native of Somerset County, he was born January 6, 1906, a son of Mrs. Sophia (Ledneg) Holoka and the late Charles Holoka. He was an auto dealer in the Pittsburgh area until moving here in 1950. He had engaged in farming here.

Surviving, in addition to his mother, are his wife, the former Elizabeth Young, and four children, Ann, Sandra and John Holoka, at home, and Mrs. Roy Feaster, Jamestown, Pa.

He was a member of the Gettysburg Presbyterian Church.

Funeral services Friday afternoon at 2 o'clock from the Peters Funeral Home, Carlisle St., with the Rev. Robert A. MacAskil officiating. Interment in Evergreen Cemetery. Friends may call Thursday evening from 7 to 9 o'clock at the funeral home.

Ike Asks UN To Send Foreign Observers To Atomic Tests

By MARVIN L. ARROWSMITH

WASHINGTON (AP) — President Eisenhower said today he is asking the United Nations to send foreign observers — probably Soviet as well as free world — to U. S. atomic tests scheduled for the Pacific this summer.

Eisenhower made the announcement at a news conference.

He read a statement which said:

"In line with what I said to the press on July 3, 1957, the United States will demonstrate the progress our scientists are achieving in reducing radioactive fallout from nuclear explosions.

Invite Scientific Observers

"To this end, for the first time at any test, we are planning to invite the United Nations to select a group of qualified scientific observers to witness at the Pacific proving ground this summer a large nuclear explosion in which radioactive fallout will be drastically reduced."

This would indicate planned detonation of a hydrogen bomb since it is only with the H-bomb that fallout can be materially reduced.

Asked whether the U. N. delegation would include representatives from Communist countries, Eisenhower replied that he hopes the U. N. will designate the members of its scientific committee on the effects of radiation to attend the Pacific tests.

He noted that member nations of that committee include the Soviet Union and Czechoslovakia in the Communist bloc, as well as the United States, United Kingdom and Canada. There are 15 member nations. The other 10 are Argentina, Australia, Belgium, Brazil, Egypt, France, India, Japan, Mexico and Sweden.

HEALTH POSTER DEADLINE NEAR

Friday is the deadline for entering posters in the county Health Poster contest being conducted under the auspices of the Adams County Medical Society and its Auxiliary.

The posters will be judged Sunday and will be displayed in the Gettysburg National Bank during the week of April 7. The winners in the county will be entered in the state contest which closes April 15.

Judges for the county contest will be Dr. James Hammett, Fairfield, president of the county medical society; Dr. James H. Allison, secretary-treasurer of the county unit; Prof. Ingolf Qually, head of the art department at Gettysburg College; Ernest Krape, local art consultant and instructor, and Mrs. Raymond F. Sheely, representing the Adams County Medical Auxiliary.

There are cash prizes for winning posters in Grades 5 and 6; Grades 7 through 9, ranging from \$15 first prize to \$2.50 for fourth place; and in Grades 10, 11 and 12, there is a first prize of \$15 and second of \$10. There are larger cash prizes in the state contest with top awards in the older groups being \$100.

Art teachers with pupils' posters to enter are asked to get them into the hands of county committee members by Friday.

To Send Cookies To Veterans' Hospital

Plans to send cookies to the Lebanon Veterans' Hospital were outlined Tuesday night at a meeting of the auxiliary of the Bonneville Catholic War Veterans in the post home. Members were asked to turn in the cookies to Mrs. Eugene Weishaar or Weaver's Restaurant by Sunday and the articles will then be sent to the Lebanon Hospital.

Plans were also made for a bake sale to be held April 19 at 9 a.m. in the post home at Bonneville. The committee in charge was announced as Catherine Smith, Helen Weishaar, Elizabeth Clabaugh and Susanne Chrismer.

Final plans were made for serving the Catholic War Veterans' Communion breakfast at the post home Sunday morning following 7:30 o'clock mass at St. Joseph's Catholic Church.

The surprise package was awarded to Ann Orndorff. Plans for a white elephant sale following the April 22 meeting were announced.

Army Launches Another 'Moon'

CAPE CANAVERAL, Fla. (AP) — The Army sent aloft another Explorer-bearing Jupiter-C satellite rocket in a burst of fire today.

The intent was to hurl a second metal tube 80 inches long and 6 inches in diameter—a 31-pound twin to the Army's Explorer I satellite—into an orbit 200 or more miles above the earth.

The Army hoped to be able to announce within little more than an hour whether the attempt was successful.

It was the third Jupiter-C launching in less than two months. The rocket team from Huntsville, Ala., fired Explorer I into its orbit Jan. 31.

On March 5 a Jupiter-C propelled Explorer II to orbital altitude but the satellite failed to attain orbital speed because the 50-pound rocket in its fourth and final stage did not ignite.

SUBDEBS NOW PRESENT RULES FOR "CHARM"

By VIVIAN BROWN

AP Newsfeatures Beauty Editor

What are the beauty secrets of young, pretty girls, the subdebs who always seem to be full of pep, surrounded by members of the opposite sex and popular with other girls? Here are some of the reasons for loveliness, or so the girls believe . . .

1. Get to bed early, in time to get eight hours sleep, unless you have an important appointment. Never stay up late unless you have a good reason, surely not to watch TV or see someone with whom you are just "killing time."
2. Remove every speck of make-up from the face before going to bed. Air your room before you go to bed. Wear comfortable night clothes for a restful sleep.
3. Take a vital interest in life and just don't "pass through."
4. Avoid reading in artificial light as much as possible to ward off eye circles and eye strain.

Watch Food Intake

5. Watch the food intake. Avoid freakish diets. Learn to enjoy basic foods that are necessary to health. An occasional pizza pie won't kill you, one girl advises, but a steady diet of imbalanced foods may pad your frame with excess weight.

6. Keep skin clean. If skin is dry, a light coating of baby oil at night will supply needed lubrication. Apply it with a cotton ball before going to bed. Do not slather makeup over blemishes, as it will clog the pores.

7. Get as much outdoor exercise as possible in every season. Be sure to protect the skin against overexposure to sun in summer and to cold and winds in winter. A light coat of oil over the skin before going outdoors should serve the purpose, providing the product is meant for that purpose.

Charm Lessons

8. Be yourself as far as looks go. It is true there are charm lessons to be learned from older girls, models and Hollywood stars one sees in the news. But do not apply glamor tricks to yourself unless they are suited to your type. A coiffure that is too grown up for you will make you look ridiculous rather than achieving the charm goal you seek.

9. Try to see the pleasant side of a situation, rather than going out of your way to examine every facet of a gloomy aspect that dims your view.

York Springs JUNIOR PLAY DELAYED AGAIN

Due to the York Springs fire hall having been engaged for March 28 and 29, it was necessary to postpone the presentation of the York Springs Junior High School play until April 11 and 12. The date of March 21 and 22 had to be cancelled due to the recent snow storm.

LOCAL WOMAN'S BROTHER DIES WHILE FISHING

Stricken with a heart attack early Monday afternoon while he was fishing, Maurice L. Willhide, 71, Chambersburg, a retired machinist, was found dead along the bank of the Conococheague Creek near Etter's Bridge, Franklin County.

Franklin County Coroner J. D. Goshen, in attributing death to a heart attack, issued a certificate of death by natural causes. There will be no inquest, he said.

The body of Mr. Willhide was found at 3:30 Monday afternoon by Blaine Etter within a short distance of the Etter home. The farmer told Coroner Goshen he saw Mr. Willhide arrive at the creek shortly after noon and, later in the afternoon as he was working about his farm, he saw his body collapsed over his fishing equipment. Assistance was summoned by Mr. Etter but Mr. Willhide was pronounced dead at the scene.

Mr. Willhide was born July 22, 1886, in Washington Twp., near Pen Mar, and was a son of the late John F. and Mollie Waltz Willhide. He was a member of the First Evangelical United Brethren Church.

In October, 1951, he retired as a machinist from the Chambersburg Engineering Company and since that time had been employed as an extra clerk at Joe the Motorist's Friend Store.

Surviving are his wife, Mrs. Ethel Summers Willhide; three daughters, Mrs. Mark Hostetter, Chambersburg; Mrs. James M. Densmore, Fontana, Calif.; and Mrs. Jack Highlands, Shippensburg R. 2; a son, Leon S. Willhide, Chambersburg; 13 grandchildren; four great-grandchildren; two sisters, Mrs. D. R. Duke, Chambersburg, and Mrs. Jay Johnson, Gettysburg.

Funeral services Thursday afternoon at 2 o'clock from the Barbour Funeral Home, Chambersburg, with the Rev. Dr. Ira S. Ernst officiating. Burial in Lincoln Cemetery.

The family will receive friends at the funeral home this evening from 7 to 9 o'clock.

"YOU'VE WOVEN LOVE"

With every thumping beat of my heart . . . my love for you increases . . . for you have woven one sweet dream . . . from many broken pieces . . . you've changed a face that used to frown . . . into a wreath of smiles . . . you've given me new faith and hope . . . to trod the weary miles . . . you have implanted in my heart . . . a wealth of precious seeds . . . that blossom forth into the things . . . that fulfill all my needs . . . you've made me know the value of . . . the touch of someone's hand . . . the meaning of two loving eyes . . . that say, I understand . . . and so with every beat of my heart . . . my love for you increases . . . for you have woven one sweet dream . . . from many broken pieces.

"Drink" was given. A business session followed led by the vice president, Mrs. George Howe. The group decided to send \$5 to the Youth's Temperance Council. They decided to send greeting cards to New Zealand. The meeting was dismissed by prayer by Mrs. Chester Worley. The president, Mrs. Edgar Leer, and Mrs. Calvin Leer attended. Both had been ill.

On Thursday evening, the Crusaders' Class of the York Springs Methodist Church will hold a meeting in the church at 7:45 o'clock. The public is invited to attend. Rev. William E. Fenstermaker, pastor of the Methodist Church in Gettysburg, will show pictures and tell of his experiences during the Easter season in and around Jerusalem. He has traveled through Switzerland, France, Italy, Egypt, Syria, Israel, Lebanon, Jordan, Cyprus, Greece, Belgium, Holland, England, France, Scotland, Portugal, Spain, Germany, Luxembourg, Norway, Denmark and Sweden. He has served churches in Patton, Laurelton and was associate pastor of the Grace Methodist Church, Harrisburg, for four years prior to coming to Gettysburg.

Restoring Power Lines Is Slowed

PHILADELPHIA (AP) — Restoration of power lines and telephone service crippled by last week's snowstorm has been slowed by rain. Thousands of homes in the Philadelphia area still are blacked out.

Utility spokesmen said many repairs are temporary. They said water in telephone and power cables often cause short circuits.

In many cases the blackouts will continue to the end of this week and the beginning of next.

The Philadelphia Electric Co. reported that 11,000 of its customers are without power, mostly in Lower Bucks and eastern Montgomery counties and near Coatesville.

Bell Telephone Co. of Pennsylvania said 10,000 of its telephones still are out. Not working are 4,000 phones in the Chester district, 4,000 in and around Norristown and 2,000 in the Jenkintown district which includes parts of Lower Bucks County.

Two Bus Lines Ask For Fare Increase

HARRISBURG (AP) — Two bus lines operating in the Chester-Upper Darby-Darby areas have proposed a two cent base fare boost—from 18 to 20 cents.

The increases were filed with the Public Utility Commission by Delaware Bus Co., Wilmington, Del., to become effective April 20, and Southern Pennsylvania Bus Co., Chester, to go in effect April 22.

Both firms also seek to eliminate a 17½ cent token, sold for 70 cents, and would use "convenience" tokens at 5 for \$1. No change is made in student tickets sold by the lines at five for 40 cents.

Southern estimated it would get \$59,000 more yearly under the higher fare, and Delaware anticipated an additional \$16,100 annually.

Don't waste fuel! Remember that once water reaches the boiling point, it can go no higher in temperature, no matter how much heat is applied.

Wedding

Kline—Hilker

Miss Mildred L. Hilker, daughter of Mr. and Mrs. Herman W. Hilker, Hanover R. 1, and Evan D. Kline Jr., Littlestown R. 2, son of Mr. and Mrs. Evan D. Kline Sr., 521 S. Queen St., Littlestown, were married at 6:30 p.m. Friday at St. Mary's United Church of Christ, Silver Run, Md. The Rev. Christopher J. Noss, pastor, officiated. The double-ring ceremony was used. Given in marriage by her father, the bride was attended by the matron of honor, Mrs. Harvey W. Kline, Littlestown R. 2 sister-in-law of the bridegroom. Serving as best man was the bridegroom's brother, Harvey W. Kline, Littlestown R. 2.

Following the ceremony a reception was held at the home of the bridegroom's parents. The couple will reside at Littlestown R. 2. Mrs. Kline, a 1957 graduate of Littlestown High School, is employed as secretary-treasurer of the Littlestown Junior-Senior High School. Her husband was graduated from the Littlestown High School in 1951 and served two years with the armed forces. He is self-employed as a farmer.

Sheely—Sponseller

Nancy Jane Sponseller, daughter of Mr. and Mrs. Earl E. Sponseller, R. 5, and Larry Edward Sheely, son of Mrs. Mary Sheely, 538 S. Queen St., Littlestown, were married in Grace Lutheran Church at 10 a.m. March 15. The double-ring ceremony was performed by the Rev. Oscar Feeman before an altar decorated with palms and snapdragons.

Traditional wedding music was played by Mrs. Clarence H. Myers, organist. The bride wore a gown of white satin covered with net, with a brocade shawl and carried a white Bible. Her only jewelry was a two-strand necklace of pearls.

The attendants were Mr. and Mrs. Ellsworth Sponseller, R. 5, brother and sister-in-law of the bride. Mrs. Sponseller wore a yellow street-length dress and a pink corsage.

A reception was held at the home of Mr. and Mrs. Sponseller after which the couple left on a wedding trip to an unannounced destination.

Mrs. Sheely is a graduate of Gettysburg High School with the class of 1956 and is employed at the Inductive Equipment Corporation. Mr. Sheely attended Littlestown High School and now is serving with the U. S. Navy.

The club elected as their member on the Nominating committee Mrs. Estelle Williams.

The spring conference of clubs in the North Atlantic Region will be held in Buffalo on April 18 and 19. The local club will be represented by the president with Mrs. Brenda Walker and Miss Anna Weaver, Littlestown, as delegates. Miss Evelyn Altoff, Littlestown, will also attend the sessions.

Plan "Pan-American Dinner"

The club cancelled plans for a spring rummage sale and will sell Vallette perfumes with a committee consisting of Mrs. Violet Hill, Miss Altoff and Miss Julia Peters in charge. Miss Peters reported that the drawing for the two-piece silver hollowware will be conducted at the next dinner meeting. This dinner will be in charge of the international understanding and good will committee, Mrs. Donald Myers, chairman, and will be a Pan-American dinner.

Mrs. Curtis Flohr, civic and welfare chairman, reported a St. Patrick's Day gift had been sent to Mrs. E. S. Lewars, honorary member of the club, at the Pape Convalescent Home. Her committee is planning an Easter party for the Adams County Day Care Center.

Amend Bylaws

The club's bylaws were amended so that the second Tuesday of each month is a dinner meeting and the fourth Tuesday is a business meeting. The fourth Tuesday of May is designated for the annual meeting of the club.

A letter of appreciation was received from Mrs. Clarence Smith, Adams County Home Auxiliary, for the club's presentation of a shampoo chair and bowl, secured through the efforts of Mrs. Estelle Williams.

Mrs. Faber, hospitality chairman, reported that the hostesses for the April coffee hour will be Mrs. Griest, Mrs. Nora Smick and Mrs. Walter A. Keeney. Following the business session Mrs. Eberhart, Mrs. Hill and Mrs. Jacobs served refreshments.

All Local Talent In Benefit Show

Robert Musselman playing the part of Bob Hope who acts as master of ceremonies, Miss Mary Elizabeth Hoffman who will play the part of Dinah Shore, and William Schultz as Bing Crosby will be featured in the "Gay Nineties" portion of "Hometown Jubilee," the comedy revue which will be presented in the Fairfield High School auditorium Friday and Saturday evenings. The proceeds will be turned over to the equipment fund of the Fairfield Fire Company.

One of the scenes in the "all local talent comedy" is a fashion show in which the parts are taken by Fairfield men, Robert Neely, Dale Sites, George Musselman and James Weikert. They will also stage a "dressing race."

Others in the cast include Raymond Miller, Richard Straup, Mary Summers, Chester Carnwell and Roger Meyers.

UNITED PLANS

(Continued From Page 1)

The United Company have increased from 30,000 to over 92,500. To keep pace with this demand for telephones in the fifteen county areas served by United, the company has since 1945 spent \$22,500,000 Thurston added.

District Manager John E. Caldwell said that jobs totaling \$610,715 have been programmed for the Gettysburg district including several substantial projects designed to improve the local service distribution system, increase interchange channels and extend service to new areas.

"Telephones in the Gettysburg exchange area are at an all time high. The 5,288 connected to the Gettysburg switchboard represents an increase of 345 telephones or 1 per cent over a year ago. Biglerville, Fairfield and York Springs have also shown big gains in telephones during the past year," Caldwell added.

Out Of The Past

From the Files of the

The Gettysburg Times
TWENTY-FIVE YEARS AGO

High Debaters Beat Hanover Friday Night: For the second successive time the Gettysburg high school debating teams divided their matches in the Southern Pennsylvania forensic league, the local affirmative team defeating the Hanover High School negative debaters here Friday night while the negative squad dropped its match to the Waynesboro affirmative team at Waynesboro.

Judges at the local match were Professor George S. Warthen of the English department at Gettysburg college; Professor Clarence Keefe, principal of New Oxford high school, and Miss Goldie Hook, English instructor at Littlestown high school.

The subject for debate throughout the league was "Resolved: That at least one-half of all state and local revenues should be derived from sources other than on tangible property."

The Gettysburg affirmative team consisted of Harold Raffensperger, William Irvin and Murray Frazee. On the negative squad were Miss Jessie Appier, Jacob Bream and Ernest Stover.

Bigger Play Pleases Many: Before an audience that filled the auditorium, the Peter Pan Players of the Biglerville high school presented the riotous comedy, "The Brat" Thursday evening. The play was staged and directed by Miss Jessica G. Weaver, of the Biglerville high school faculty, for the benefit of the senior class.

Outstanding among the performers were Miss Margaret Huff, Elmer Hoke, Harold Heiges, Miss Esther Howe, Miss Evelyn Thomas, Miss Nancy Dill, Henry Walker, Richard Walton, Miss Mildred Sell and Miss Edna Garretson.

Probe State Milk Prices: A delegation of officers and members of the Adams County Farmers' Protective association met with a joint committee of the state senate and assembly in Harrisburg Tuesday afternoon investigating the difference between the price of milk paid the producer and the cost to the customer.

Adams county's delegation included H. R. Miller, New Oxford R. 4, president of the Adams County Farmers Protective association; Nathan Miller and J. N. Zimmerman, vice president; Charles B. Winter, secretary, and C. P. Fleishman, treasurer, and delegates from seven townships.

Bigger Scout Home Enlarged: Improvements are being made to the Biglerville Boy Scout building that will make it both more attractive and more livable.

A partition in the building, which was formerly the town lock-up, has been removed enlarging the main room from eight by twelve to twenty-four by twenty-four feet to accommodate the growing troop. A new floor has been added and also a new ceiling. The sides were weatherboarded.

Charles E. Deatrick, a member of the scout committee, has had charge of the work with Emory Funt, Harry Fohl, Lawrence Lupp and Zell Thomas assisting.

New members are constantly being added to the troop, Richard Flohr, Roland Lawver, and Robert Hoke being the latest additions.

The Rev. Henry W. Starnet is the scoutmaster and John Fidler his assistant.

Many Changes Expected Here For Beer Sale: Many changes are anticipated in Gettysburg when the sale of 32 per cent beer is legalized April 6, the 16th anniversary of the entrance of the United States into the world war.

Local hotels and restaurants are planning to handle the new beverage but so far as could be learned today all those contemplating engaging in the sale of the amber fluid are awaiting final action by the legislators.

Prof. Lefever Heads Hi Group: Professor Gulle W. Lefever, principal of the Gettysburg High School, was elected president of the Southern Pennsylvania Inter-scholastic athletic association for the ensuing year at a meeting of the league officials at Shippens-

Today's Talk

WHAT YOU CAN DO

None of us is expected to do what is impossible for us to do, like writing an immortal poem or playing a piccolo. Theistocles said: "I cannot fiddle, but I can make a little village a great city!" There are many who wouldn't know how to build even a small city. Perhaps you can't even sing or orate so as to inspire a great audience, but you can saw wood! There are parts of the earth where it is very necessary that a great deal of wood must be sawed. I can see why wood has to be sawed in New England, for example, for the long winters. There are worse things in life to face than an appalling wood pile.

If you can't do what you wish most to do, then why not do what you can do? What a multitude of things there are to be done in this world, that are helpful and even essential, but which do not get done. The people who tell about finding their place usually fit that place, and that is what makes them so valuable and their work so important.

People surprise themselves when they discover how to do certain things they never dreamed they could. As a matter of fact, there are more genuine and great potentialities that have been buried than lived and wrought! John Galsworthy had this line in one of his beautiful poems: "Death is such a waste of me." Life is, too, if you put nothing into it, or personally enrich it. Our influence may only send its rays of hope and comfort for but a brief distance, but if that influence is all you possess, you have given much. We never know just how helpful or inspiring our influence has been.

Tomorrow Mr. Adams will talk on the subject: "The New".

PROPHECY

I'd hate to think that this is true.
As some of the producers say,
That people will not pay to view
A really clean and wholesome play.
That what is sweet has lost its charm,
And innocence no more attracts.
I'd view this world with some alarm
If they were really stating facts.

I'd hate to think the times are such
That only sordidness will pay.
That dramas with a decent touch
Win no applause from men today.
Producers murmur this is so,
And sneeringly their lips are curled.
I'd hate to own a modern show
And have such notions of the world.

So, notwithstanding what they say,
I still protest the world is fine.
That some day one will write a play
Without a single doubtful line:
With a wholesome plot and clean,
A tale of love that's pure and sweet
And we shall once more view the scene
Of people fighting for a seat.

Quilt Found In Breastworks After Battle Is Shown Here: More than seventy years ago an old quilt, soiled so badly with blood and dirt that its design could not be recognized, was found in the breastworks of Confederate avenue, near the Fairfield Road, by John H. Culp, father of James W. Culp, battlefield guide. The quilt was found shortly after the Confederate troops departed south along the Fairfield road after their defeat at the hands of General George Gordon Meade and his Union troops.

The quilt is still in the Culp family in the possession of James W. Culp who has never used the cover for household purposes but has always retained it as a memento of the three days battle here.

After the quilt was found Mrs. John H. Culp washed and washed the cover, finally bringing out its snowy whiteness and the beautiful and colorful patch work design. Three blood stains are still visible in the white muslin background for the patchwork. The quilt has 81 separate sections of 11 pieces each making a total of 891 patch pieces in the quilt.

Prof. Waldemar Zagers, of the faculty of Gettysburg College, will speak on "Communism" at a meeting of the Adams County Chapter of the Reserve Officers Association Thursday evening at 8 o'clock in Room 31 of the Eddie Blair Memorial gymnasium, Gettysburg College. All officers of the association whether members or not are urged to attend.

LENTEN GUIDEPOSTS

RELIEF FROM EMOTIONAL TORMENT

By The Rev. Clinton J. Kew
Staff Member, The American Foundation of Religion and Psychiatry

"I hate you!" Ellen shouted, looking at me. "I hate God!"

With that, the group — four women, five men — grew silent.

After this initial outburst, Ellen found it increasingly easy to air her feelings. A private counselor might have taken months or longer to get her to this stage.

Opened Her Heart

In subsequent sessions, Ellen was able to learn for herself that she had transferred to me her feelings about her father, because I was in authority. She learned in the group discussions that she had difficulty with people, and consequently with her jobs, because she was afraid to love.

And in the prayer group she found how to open her heart and mind to God's power. The two groups acted upon one another — one through inspiration, the other through investigation and integration.

This simplified case history of Ellen is but an example of how people, tortured and perplexed by marital problems, career impediments, alcoholism, and other difficulties, are finding that the power of faith combined with the therapy of psychology can bring contentment.

TOMORROW — Sidney Fields tells the inspiring story of the Rev. James Jefferson Hall and his unusual telephone sermons.

(From the magazine "Guideposts" and copyright, 1958, by Guideposts Associates, Inc., Carmel, N. Y.)

(Distributed by the Register and Tribune Syndicate)

Rev. Clinton J. Kew

Despite the tension of the moment, I felt a touch of pride in these people. Of different ages, occupations, and interests, they had come together to accomplish something very difficult, to bare their souls before others, to air their problems, to listen, to think, to react as naturally as possible.

"Well," Ellen said finally, "what are you waiting for? Why don't you throw me out?"

"Don't Be Silly"

This was too much for Martha Bolea, a fortyish housewife who had felt sympathy for Ellen at first, but now had little patience. "Come now, don't be silly!" she snapped, treating Ellen like a child.

Larry Wilson, a mechanic about Ellen's age, spoke calmly. "Why do you hate Dr. Kew?"

Ellen, surprised that no one in the group had really been shocked by her statement, continued. "I hate him because I've been coming here two weeks now and I'm no better."

"No you are silly," said Jim Lantz, a retired engineer. "Don't be afraid of us," said Jim Lantz. "We are all trying to understand!"

All Across America

The discussion continued, now heavy with contention, now gentle with laughter. It was not unlike other sessions being conducted today by ministers in churches all across America. The people who attend them are in trouble, emotional and spiritual trouble, and they meet of their own free will in an effort to find the answers to their problems among other troubled people.

This method is called "group therapy." It is a combination of religion and psychology, and it is one of the bright and dramatic pages in recent church chronicles.

Ellen's case, in essence, typical. Tastefully dressed, 25, and quite attractive, she sat by my desk at that first interview, smiling, and seemed composed. But underneath her pleasant manner, there was desperation.

"I don't know how to say it . . . I'm just utterly depressed. Constantly. I know my job — I'm a secretary — is not going well, but that has happened before with other jobs, no matter how hard I try.

Never Gets Angry

"My home life is smooth, but then I try strenuously to live correctly in all ways. Never miss church, never get angry, seldom have dates with men. I put all sinful thoughts out of my mind . . ."

As with all patients, a number of private counseling sessions was necessary before Ellen's story took shape. She was an only daughter with six brothers. Her mother was sweet and meek, but her father, the key figure in the family, was authoritarian and prudish, lacking in warmth and true affection.

Ellen lived a life of strict obedience, unaware that growing within her were her own personal drives towards love, sex, aggression, hate.

These drives are in everyone. Everyone, for instance, hates, to some degree, the person or things that prevents him from doing what he wishes.

She Hid Them

But when these drives manifested themselves in Ellen, she subjugated them, hid them, because, from her strict upbringing, she thought them wrong. Eventually, the turbulence of these conflicts resulted in a neurosis — her depression.

Once I had diagnosed Ellen's problem in private counseling, I selected a therapy group for her. In group counseling, from five to ten people can be treated simultaneously at a cost within the means of the average person. But what is most significant, therapeutic progress is often faster in a group.

Since our personalities are shaped in childhood and most of our problems originate in the family framework, the idea of the group is to form a "new family" wherein there can be emotional interaction. Early family scenes of love and hate, fear and rejection, dominance and submission, are brought forth for the new family to analyze. Strict honesty and constant attendance are mandatory.

Prayer Groups

The plan, too, was to supplement these sessions with church sponsored prayer groups. Reading the Scriptures with others, praying and discussing religion would provide further proof she was not alone, that she had the love of her Father. This would be her spiritual therapy.

On that evening when Ellen burst forth with:

"I hate you! I hate God!" she

BROTHER STIRS FUSS AT RITES FOR MIKE TODD

By JAMES BACON

HOLLYWOOD (AP) — Liz Taylor, after the ordeal of seeing her husband buried, rallied today toward as near-normal an existence as could be expected.

The beautiful brunette went through a harrowing experience yesterday in Chicago's Waldheim Cemetery. But it seemed to rouse her from the numbness that had hit her Saturday when she heard that producer Mike Todd and three Mexico plane crash.

A special airliner brought her and a party of 11 back to Hollywood after a funeral that was marked by Liz's near collapse and the outbursts of an estranged brother of Todd.

Amazed At Stamina
Dr. Rexford Kennemar, who accompanied her on the sad trip, said he was amazed at the stamina the actress had shown.

Carl Goldbogen, a Long Beach, Calif., taxi driver, almost disrupted the ceremony before it got under way.

He stormed at Dick Hanley, Todd's executive secretary, as the funeral party entered the tent that protected the group from the gaze of an estimated 2,500 persons milling in the cemetery.

Another brother of Todd, finally quieted Carl and the simple Jewish ceremony went on, interrupted by the sobbing of relatives and two screams by Elizabeth.

The first outburst from the actress came when she entered the tented graveside and saw the casket of her husband for the first time. She screamed and then sobbed: "No, no."

"I Love You, Mike"

Later she screamed the same words of disbelief. Once, a mourner reported, she tried to prostrate herself on the casket but was restrained by her brother Howard and her doctor.

Then she laid a hand on the bronze coffin and whispered: "I love you, Mike."

On the way to and from the graveside the arms of her brother and the doctor prevented her from falling.

On the trip home, she slept most of the way in a berth. On arrival she went to the home that she and Todd had rented only two weeks ago while she made the movie "Cat on a Hot Tin Roof."

The Rev. Dr. Harold Haas, executive secretary of the Board of Social Missions, announced that the Rev. Mr. Weaver will take over his new post May 1 succeeding the Rev. Dr. Robert W. Stackel, who has resigned to accept a call to serve as pastor of Holy Trinity Lutheran Church, Akron, O.

Rev. Mr. Weaver was born at Rugby, Va., April 8, 1919. He was graduated from Konnarock, Va., High School in 1936, and received his Bachelor of Arts degree from Gettysburg College in 1940 and his Bachelor of Divinity degree from the local seminary in 1943.

He was ordained in 1943 by the Virginia Synod, and has served parishes at Leonia, N. J., as a missionary of the Board of American Missions from 1943 to 1946, River Edge, N. J., from 1946 to 1951; York, Pa., from 1951 to 1956 and Milton, Pa., since 1956.

Served Many Posts
He served as evangelism chairman of the New Jersey Conference of the New York Synod, as a member of the synod's stewardship committee and as Lutheran World Action chairman of the conference.

In the Central Pennsylvania Synod he served as a member of the Board of Social Missions and currently as chairman of the committee on Christian Higher Educational Institutions. He represents the synod as a member of the Commission on Evangelism of the Pennsylvania State Council of Churches.

In the York Conference he served as vice president, chairman of the Evangelism Committee, chairman of the Church Papers Committee and as Lutheran World Action chairman.

During the recent Lutheran Evangelism Mission, he served as guest missionary here and other places.

He was a delegate of the United Lutheran Church to the Third Assembly of the Lutheran World Federation at Minneapolis in 1957.

3 Girls Are Suffocated When Trapped In Third Floor Room

TAMAQUA, Pa. (AP)—Three girls suffocated today when trapped in a third floor bedroom after a fire broke out in their wooden, frame house.

Eight other members of the family of Freeman Betz of 223 Brown St., Tamaqua, escaped. They were sleeping on the second floor.

The dead girls were identified as Nancy 16, Wanda 13, Sandra 11. Members of the family who escaped were Mr. and Mrs. Betz and their children, Helen, 20, Shirley 17, Bobby 9, David 6, Ronald 4 and Roger 2.

Son In Marines
The Betzes also have a son, Freeman Joseph, stationed with the Marines at Camp Lejeune, N. C.

Dr. Gordon Weaver said the heavy, hot smoke suffocated the girls quickly.

Patrolman Harry Dornblaser said the three girls apparently were sleeping in the same room, "a small attic affair." He said it appeared they crawled to a corner to get away from the smoke. "That was the end of it," said Dornblaser.

The first alarm was sounded shortly before 6 a.m. The girls' bodies were removed from the house at 8 a.m.

House Is Wrecked
Dornblaser said Mr. and Mrs. Betz, two other daughters and four sons were able to get out of the house.

SOME STOCKS GAIN
NEW YORK (AP)—The stock market retreated quietly in slow early trading today.

Key issues were off fractions to a point. A few issues, benefitting from favorable corporate news, gained.

Steels, oils, motors, nonferrous metals and chemicals drifted off. Aircrafts were mixed. Leading rails showed scant change.

It was a continuation of yesterday's movement when stocks backed away from the chance of making new highs for 1958. Oils continued adversely affected by uncertainty over the political situation in Saudi Arabia. More profits were taken in coppers which recently had a substantial rise.

Weather Forecast

Extended forecast for Thursday, March 27, through Monday, March 31.

Eastern Pennsylvania, eastern New York and Midatlantic States: Temperature will average near normal north and 3 to 5 degrees below normal south, somewhat warmer Friday and Saturday, cooler Sunday or Monday. Some rain south and rain or snow north over weekend, total 1/2 to 1 inch south and around 1/2 inch north.

Western Pennsylvania, western New York and West Virginia: Temperature will average 3 to 6 degrees below normal, somewhat warmer Friday and Saturday, cooler Sunday or Monday. Some rain south and rain or snow north over weekend will average 1/2 to 1 inch south and 1/4 to 1/2 inch north.

Sugar Ray Wins World's Middleweight Title Fifth Time With Split Decision

CHICAGO (AP) — Sugar Ray Robinson beat Father Time and one-eyed Carmen Basilio last night to regain the world middleweight championship for an incredible fourth time.

The fight was tough in both cases.

Robinson was exhausted at the end of the 15 rounds in taking a split decision.

Basilio Was Favored
Age (he will be 38 in May) nearly caught up with him. But this was something 30-year-old Basilio, a 2-1 favorite, couldn't do.

The fight actually was between a good welterweight and a good middleweight. Basilio came in at 153 pounds. Robinson weighed 159½.

Robinson did most of his damage early. In the fifth round he stunned Basilio with three quick lefts to the face and a smashing right that had the champion a little rocky at the bell.

Old Steam Gone
It was then that a cut opened over Basilio's left eye. The eye became swollen shut in the sixth round and from then on he could be considered at the mercy of Sugar Ray.

But the Harlem Dandy couldn't put his courageous little opponent away. The steam of his hey day was gone, and Basilio's raw tenacity made it all the tougher.

The ingredients are present for another rematch, which the International Boxing Club hopes to stage in June in New York, Robinson willing.

Referee For Basilio
Robinson wouldn't say yes or no. Basilio's manager demanded a rematch although there was no such stipulation in their contract.

Basilio lifted the 10-pound title from the Sugarman in New York last September on a split decision. This time in reverse, the referee again being in the middle.

In New York, the two judges went for Basilio and the referee for Robinson. Last night, Judge Frank McAdams saw it for Robinson 72-64 under the five-point must system and Judge John Bray scored it 71-64. Referee Frank Sikora voted for Basilio 66-69. The AP card favored Robinson 70-63.

Looks Like Celtics Vs. Hawks For Title

By THE ASSOCIATED PRESS
Unless there's a complete about-face by their semi-final opponents, the Boston Celtics and St. Louis Hawks again will meet for the National Basketball Assn. championship.

The Celtics can move into the playoff finals tonight by beating the Warriors in Philadelphia. Boston leads 3-0 in the best-of-seven competition.

St. Louis is in position to clinch a semi-final triumph tomorrow night. Last night, the Hawks took a commanding 3-1 lead over the Detroit Pistons by picking up an easy 145-101 victory.

The Hawks turned in a blazing first half. They raced to a 72-44 advantage and coasted the rest of the way.

VIC WERTZ TO BE INDIANS' FIELD CHIEF

TUCSON, Ariz. (AP) — Three years ago, Vic Wertz lay stricken with polio in a hospital bed, able to move only his hands.

Today, the burly, balding Cleveland first baseman is the Indians' first field captain in nearly 20 years.

To Wertz, in his 15th year of professional baseball, it proves nothing is impossible — and he hopes youngsters stricken with polio can learn from his example.

Plagued By Injuries
His bout with polio, at the end of the 1955 season, capped an injury-plagued year. During the entire season, he was unable to play more than 15 games in a row. He injured his hand, wrenched his back, hurt his neck and sprained his thumb. He played only 75 games and batted .253 that season.

Just when he was getting back in shape, he caught polio. After he recovered, his baseball future was a question mark.

The next season, he hit 32 home runs, drove in 106 runs, batted a respectable .264 and played in 136 games.

Manager Bobby Bragan summed up his selection of the 33-year-old first sacker for the field captaincy this way: "Wertz is very popular and can set a good example for the young players."

CLAIMS UNIONS FEAR ELECTIONS IN 300 PLANTS

NEWARK, N.J. (AP) — An attorney for the Pennsylvania Garment Manufacturers Assn. has accused union representatives of delay tactics in a hearing on a possible association-wide bargaining unit.

George A. Bernstein, the lawyer, said yesterday that attorneys for the International Ladies Garment Workers Union fear bargaining elections in the more than 300 plants of the PGMA.

The National Labor Relations Board is holding a hearing on the PGMA bid to bargain with one ILGWU unit instead of two as it presently does. The hearing resumes at 10 a.m. here tomorrow.

Israel T. Klapper, general counsel for the PGMA, was the only witness on the stand yesterday. He traced the history of the association since it was first incorporated in November 1938.

"Clutter Up Road"
The attorneys for the ILGWU sought to have the articles of incorporation introduced into evidence. Bernstein objected, claiming they were immaterial.

Sidney G. Handler, one of the ILGWU lawyers, disagreed. He said the articles showed the basis of authority for the manufacturers' group.

Bernstein argued, however, that even if the association were an unincorporated informal group, it still could bargain collectively and the current matter still would come under the jurisdiction of the NLRB. He saw no reason to clutter up the record.

Emil Schlesinger, another ILGWU attorney, said that if the PGMA did not introduce the articles, the ILGWU would. And when Bernstein insisted they were not material, Schlesinger, his voice rising, said:

"I don't need you to advise me, Mr. Bernstein."

Bernstein shot back: "I'll advise you any time I think my client's interests warrant it."

He said the union is trying to stall the hearing and clutter the record. It fears a bargaining election, he said.

George Turitz, the hearing officer, struck these remarks from the record.

Some 12,000 members of the ILGWU have been on strike against PGMA plants since March 5, seeking higher wages and other benefits.

Middle Atlantic Conference Forms Three Grid Leagues; Start Functioning In Fall

Formation of three division football leagues in the Middle Atlantic Conference was one of the highlights of the spring meeting of the conference held at Gettysburg College Tuesday. The leagues will start functioning in the 1958 season.

The meeting was the largest ever held by the conference with all 33 school members being represented by 103 officials.

Gettysburg College will participate in the University Division football circuit which also includes Lehigh, Lafayette, Muhlenberg, Temple, Delaware, Rutgers and Bucknell. To be eligible for championship consideration next fall each school must play at least four games within its division.

North and South leagues for the College Division were also set up with 14 and 10 members, respectively. In the College Division each team must play five games to get title recognition.

Group meetings and discussions were held throughout the day followed by a dinner in the college dining hall in the evening when reports were made.

Advance Cage Schedule
Effective with the 1959-60 season, College Division basketball teams will be required to complete their schedules at least nine days prior to the start of the NCAA College Division regional tournament.

Athletic directors pointed out that some conference games had to be cancelled this past season because of a conflict with the tournament.

In other action Tuesday: The directors voted to hold the conference swimming championships over two days rather than one day as at present and approved establishment of an "Alfred W. (Pop) Haddleton Invitational Mile Relay" at the University of Pennsylvania Relay Carnival each year, beginning with this year's event. Haddleton, former Haverford coach, died recently.

Ed Athey of Washington College, Chesterton, Md., was elected president of the athletic director organization along with these other officers:

P. M. Snider, Juniata College, Huntingdon, Pa., vice president; Marshall Turner, Johns Hopkins University, Baltimore, secretary-treasurer and Willis Stetson, Swarthmore College, Swarthmore, Pa., executive director.

Bream On Committee
These athletic directors were elected to one-year terms on the executive committee: Henry T. Bream, Gettysburg College; Harvey Gillespie, Moravian College, Bethlehem, Pa., and David Nelson, University of Delaware, Newark, Del.

The following were elected to two-year terms: George Bertelsman, St. Joseph's College, Philadelphia; Herbert Sutter, Wagner College, Staten Island, N. Y.; Pete Carlesimo, Scranton University, Scranton, and Ira Herr, Elizabethtown, Pa., College.

Purkey was the first Redleg pitcher to go nine innings this spring. After Washington scored its only run on a walk at Jim Lemon's triple in the first, only one Senator reached second base.

Sisler took over for Tom Brewer in the fourth and set down 15 consecutive batters.

Rally For A's
Robinson hit his first homer in the third with no one on base. He connected again in the eighth with two on and the Orioles trailing by one run.

Two of Long's blasts came off the Giants' ace right-hander Johnny Antonelli and the other of Pete Burnside, each with a man on base. Chuck Tanner, Ernie Banks and John Goryl also homered.

The A's had to come from behind with a four-run rally in the eighth against their ex-mate, Tom Morgan, to wrap it up. Charlie Lau, Billy Martin and Frank Bolling all hit home runs for Detroit, while Joe DeMaestri, Hector Lopez and Bob Cerv connected for the A's.

KEN BOYER IS "PHEENOM" THIS SPRING

By ED CORRIGAN
The Associated Press
Ken Boyer of the St. Louis Cardinals is a full-fledged "pheenom" this spring.

He had a bad year in '57 (2.65), and since the Redbirds finished eight games behind the Milwaukee Braves, Boyer's anemic batting average could take some blame.

But it's a new year and a new Boyer has emerged. He now is in center field instead of at third base.

Manager Raving
Manager Freddie Hutchinson and Coach Terry Moore are raving about Boyer's new look.

Boyer had one hit in three tries against the Los Angeles Dodgers yesterday, but it went for naught. The Dodgers won 8-0. They scored six runs in the ninth off Bob Kuzava.

At Tampa, Bob Purkey went all the way, doling out only five hits as the Cincinnati Redlegs defeated the Washington Senators 3-1. Dave Sisler ran his hitless pitching streak to nine innings while the Boston Red Sox edged the Braves 4-3.

Orioles Win
Brooks Robinson hit two home runs to lead the Baltimore Orioles to an 8-5 triumph over the Cleveland Indians at Tucson; big Dale Long blasted three homers in the Chicago Cubs' 15-4 slaughter of the San Francisco Giants at Phoenix; and the Kansas City A's licked the Detroit Tigers 8-6 at Lakeland, with each team clubbing three homers.

Purkey was the first Redleg pitcher to go nine innings this spring. After Washington scored its only run on a walk at Jim Lemon's triple in the first, only one Senator reached second base.

Sisler took over for Tom Brewer in the fourth and set down 15 consecutive batters.

Bullet Baseball Squad Badly Hampered By Weather; Trio Of Games Here Next Week

Bogged down by continued inclement weather, the Gettysburg College baseball squad will need plenty of good weather in the immediate future if it is to be ready for its opening game with Wilkes College of Wilkes-Barre here next Tuesday afternoon.

The Bullets have three home games scheduled for next week. In addition to Tuesday's encounter, the Bullets will host Syracuse on Thursday and Cornell on Saturday, April 5.

Bob Hulton is the new baseball coach, succeeding Henry T. Bream who piloted the Bullets for seven years prior to his retirement last season. Hulton led York Junior College to two undefeated seasons in 1956 and 1957.

Pitchers Hold Key
After watching three of four soggy pepper drills, Hulton is placing his hopes for a successful campaign on the shoulders of six pitchers and three returning long ball hitters.

Pitching is definitely the forte of Hulton's squad. Bucky Walters, son of ex-Cincinnati great of the same name, appears ready to blossom into a great hurler. Walters, who was 2-2 last year, possesses a better than average curve and fast ball, places his confidence in poise and pinpoint control. Owen Roizman, Oceanside, N. Y., the other returning pitcher from last year, is a left-hander with great stuff. He was 3-1 last year with 18 strikeouts in 22 innings.

Southpaw Dick Hawkins, Spring Grove, was a bright pitching prospect last year, but was forced to leave school because of illness. He has a live fast ball but must curb his tendency to be wild.

Possibly the outstanding pitcher of the year will be Jack McCracken, Towanda, Pa. He has speed, a great curve, a lot of poise and is a good hitter. Other good prospects are left sophomore Tommy Knox, Pitman, N. J., and veteran Ed Books, Bolling Springs.

Top Hitters Return
Big stickmen among returning regulars are Larry Liedel, Fair Lawn, N. J., and Frank Capitani, Hershey, Liedel, a third base fixture, brings a .329 average and 20 RBIs from a great sophomore season and solves the hot corner problem. Capitani attracted major league scouts the past two seasons with his fielding in the outer garden and his power hitting. "Cappy" had two home runs last year and drove in 14 runs. He graduates in June.

Leroy Bream, Gardners, will also be counted on heavily in utility. In this role last year, Bream hit .294 in 16 games and drove in ten runs while pitching and playing in the outfield.

Second base appears a big question mark. With the departure of Capt. Sonny Scola, two big shoes have to be filled. Several candidates are vying for the job. Ritter Smith, Baldwin, N. Y., a smooth fielding hustler, saw limited action last season. Jeff Kahler, Towanda, Pa., big hitter for last year's frosh, could definitely be the sleeper. He is a splendid hitter and fine glove-man. Junior John Smoot, Telford, Pa.; transfer Jerry Long, Altoona; Dick Davidock, Summit Hill, and Don Harman, Lancaster, are also strong contenders.

Need Shortstop
Shortstop may develop to be a bigger question than second with Walt Palmer, Riverton, N. J., a utility infielder last year, as the leading candidate. He will be pushed

One Of Toughest
"It was one of my toughest fights," he said. "I'm tired, very tired. I haven't made up my mind what I'm going to do."

Would he retire? Would he fight again? Would he fight Basilio again?

"I don't know, I'm not sure. I can't say right now," he said. He said Basilio "hurt me several times," but he said he was "very surprised" when he learned Referee Frank Sikora had scored Basilio the winner.

Basilio Wants Return Bout
Basilio, his left eye closed, swollen and discolored, talked about a return bout with the man whom he dethroned in 15 rounds in New York last Sept. 23.

Carmen said his vision was impaired from the fourth round on and kept him off balance. By the sixth round the eye was shut completely.

"I couldn't get my distance right," he said. "If you can't get distance, you find yourself off balance."

"We want a return match," said manager Joe Netro.

Jim Crowley Extols Virtues Of Athletics At All-Sports Program Tuesday Night At GHS

"The power of prayer is a tremendous thing," James H. Crowley, chairman of Pennsylvania State Athletic Commission and famed as one of the Four Horsemen of Notre Dame, told the All-Sports Night gathering at Gettysburg High School auditorium Tuesday evening.

Sponsored by the Gettysburg Junior Chamber of Commerce, the All-Sports Night was held for the benefit of a Gettysburg High School football training camp.

Crowley, who graduated from Notre Dame in 1925, and played under the immortal Knute Rockne, told the group that Rockne was highly intelligent, a professor of chemistry, and had a dynamic personality. "He was aggressive but mingled it with human kindness," Crowley stated. "He was your daddy, pal, father confessor and friend all in one."

He lauded Rockne as a great locker-room speaker which was made possible because Rockne was "a great orator, great actor and what we call today—a psychologist."

Many humorous stories of Rockne's pre-game histrionics were revealed.

Served In Navy
Crowley, after graduating from Notre Dame, coached at Michigan State and Fordham before entering the Navy during World War II. Following the war, he was named commissioner of the ill-fated All-American Football Conference. Today he is a member of the public relations firm, Crowley, O'Malley, Associates, Scranton.

Crowley gave three reasons why he liked football. "All these games teach you dependability and sportsmanship. It gives the boy spirit and

enthusiasm, and it develops a spirit of friendship among members of the team."

Turning to the undergraduate high school students, Crowley stated, "The enthusiasm you engender here for all your high school activities is going to pay dividends beyond your fondest dreams."

He closed with a plea for the people of the community to support the high school. "If the people of the community get behind you, you can do wonderful things."

Bob O'Dell, newly appointed head football coach of Bucknell University to succeed Harry Lawrence, spoke briefly along with Eugene Haas, head football coach, Gettysburg College.

Gettysburg High School football and baseball coach Ben Jones, who introduced the main speaker, presented cash awards to Bill Rentzel, Wayne Fissel and Gregory Maltland for selling tickets for the All-Sports Night.

Magnus Flaws, Junior Chamber of Commerce, served as master of ceremonies. The Gettysburg High School football coaching staff was introduced along with Athletic Director George Forney.

TOP DEMOCRATS SAYS IKE'S PLAN IS INADEQUATE

WASHINGTON (AP) — Key House Democrats described as inadequate today President Eisenhower's proposal for a temporary increase in unemployment benefits.

They termed the President's request for a one-year government-aided 50 per cent increase in jobless pay coverage a "minimum" proposal they said does not meet emergency needs of the recession.

At the same time, there was growing evidence that some Democrats were leaning heavily toward packing tax reduction, unemployment compensation and an increase in Social Security benefits into a single bill.

Talk 'Package' Plan

This "package" approach to the economic situation was being talked up increasingly among influential House Democrats.

The House Ways and Means Committee scheduled three days of hearings starting tomorrow on the administration jobless pay plan and on twin bills sponsored by Chairman Mills (D-Ark.) and Rep. McCormack (Mass.), House Democratic leader.

The Mills-McCormack bill calls for federal financing of any additional 16 weeks of jobless pay benefits to workers who have exhausted their benefits under present state laws. It also would fix the rate of additional compensation at less than half the worker's weekly wage.

Differences In Plans

President Eisenhower asked Congress to increase the period of added benefits by 50 per cent of that now set by the various state laws. This would amount to as much as 13 additional weeks in states with a top coverage of 26 weeks. The amount of each state's weekly payments would not be changed.

Cost of the Democratic sponsored plan would be borne by the federal government without state contribution.

The Eisenhower proposal would place federal financing on a loan basis.

Eisenhower said the states should raise their own payment amounts and duration.

His plan would cost an estimated 500 to 600 million dollars.

REVENUE BUREAU MAKES CHANGES

HARRISBURG (AP) — The revenue department yesterday announced a number of major appointments in the department.

They include, with annual salary, position and effective date:

Ellsworth S. Keller, Tunkhannock, attorney, \$7,407, Feb. 20; Edwin W. Schwenk Sr., Hershey, chief inheritance tax officer, \$8,163, Feb. 7; John S. MECO WORKERS WIN TOP HONOR FOR JOB SAFETY

The National Safety Council's award "for outstanding safety performance during 1957" was won by employees of Metropolitan Edison Company, it was announced today by Ned H. Dearborn, president of the national organization.

The first place honor was earned by employees of the local utility in competition with other electric companies, having from 200,001 to 400,000 man-hours worked per month.

In winning this coveted award for the tenth time, MECO employees, with a lost time accident frequency rate of .50 per million man-hours worked, surpassed the previous all-time low of .31 set in 1940 by MECO. MECO's winning score is only one-twelfth the average national rate of 5.98 set by the 255 competing companies. This record is all the more creditable in view of the fact that for a total of 4,038,202 man-hours worked last year, MECO employees had only two chargeable accidents, four less than in the previous year.

Congratulate Men

Commending the MECO employees for their most recent achievement, Dearborn, in a congratulatory message, told them: "Pride of accomplishment can be a most effective booster in your future safety program."

AN ANTIBIOTIC AGAINST CANCER BELIEVED NEAR

By ALTON L. BLAKESLEE Associated Press Science Reporter PHILADELPHIA (AP) — Scientists are coming closer to an antibiotic against cancer.

Their search began long ago when doctors noticed that a few cancer patients were actually cured when they had a serious bacterial disease, erysipelas.

The erysipelas germs were producing a chemical — an antibiotic — that fought against the cancer.

Antibiotic means a chemical or drug produced by living organisms. Penicillin and streptomycin are made by tiny molds. They're effective against many kinds of germs, but not against cancers.

New steps toward the cancer antibiotics were described today to an American Cancer Society tour for science writers of major U.S. research centers.

"Tempora y Successes"

Certain bacteria, including erysipelas germs, produce an antibiotic known as a polysaccharide, a complex sugar. These chemicals have had some temporary successes against human cancers. But a drawback is they're quite poisonous or damaging themselves.

But now several new ones have been found which apparently have no bad effects at all, said Mrs. Helga Francis Havas and A. J. Donnelly of the Institute for Cancer Research here.

These were developed in a laboratory search of mixed products from various combinations of bacteria, and tests of 126 preparations in more than 10,000 mice.

Effective On Mice

Some cause complete disappearance of two thirds of cancers planted artificially in mice. But they don't do much against natural or spontaneous cancers in mice, the scientists said.

Tested so far on 10 humans with far advanced cancer, the new chemicals have not yet shown any definite, measurable effects, they said. But they are free from bad or damaging effects.

Your fine record in the 1957 contest must mean 'pride' in capital letters to every one of you."

In accepting the first place plaque on behalf of the 1,950 company employees, O. Titus, president, said: "Safety is not just a slogan at MECO. It is a way of working. Our employees won this honor by obeying safety regulations and being conscious of the fact that it is the individual and his family who suffer most in case of an injury. We are proud of our employees' safety achievements and know they will continue endeavors to improve their outstanding record."

The company's safety program is in charge of Kenneth G. Cregar and the following division safety engineers: Joseph A. Kirchgasser, Easton; Harold G. Painter, Reading; and Ellsworth R. J. Diven, York.

TAKE PICTURES OUTSIDE COURT

PITTSBURGH (AP) — Photographers were allowed to take photos in the corridors and anterooms of Allegheny County Criminal Court again today after a short-lived ban against such pictures.

President Judge William H. McNaugher banned photo taking in the corridors and anterooms yesterday. Photographers and newsmen later told the judge no such order had ever been in effect before.

Judge McNaugher then talked to

court officials and announced he had rescinded his order. He said his order had stemmed from a misunderstanding.

A ban against taking photos in courtrooms is still in effect. Two weeks ago photographers were permitted to take photos of a murder trial by standing in a corridor and focusing their cameras through an open door and a window. This, however, was halted by Judge McNaugher on orders of Chief Justice Charles A. Jones of the State Supreme Court.

WET WEATHER IS CONTINUING

By THE ASSOCIATED PRESS The spell of wet weather in much of the West, South and East continued today. Clear skies again were general over most of the midcontinent.

Thunderstorms rumbled across southern Florida during the night with nearly an inch of rain at Miami, Fort Myers and Palm Beach. Rain fell across wide areas from the lower Mississippi Valley eastward to the Atlantic Coast and northward into the Virginias.

More rain also hit the North Atlantic Coast with snow or a mixture of snow and rain inland from northeastern Ohio into Pennsylvania and New York state. Snow on the ground was to a depth of 16 inches at Phillipsburg, Pa., and Elmira, N.Y., including 2 inches during a six-hour period.

Epidemic Of Polio Is Threat For Some

HARRISBURG (AP) — The danger of a polio epidemic this summer still exists for people who have not received the antipolio vaccine, the State Health Department warned yesterday.

Secretary Charles L. Wilber estimated that about 230,000 preschool age children have yet to be vaccinated along with about 1,100,000 in the 20-40 age bracket. He urged that all persons under 40 receive the full three shots in the inoculation series.

ADVERTISE IN THE TIMES

TWO PROBES OF HEYBURN CHARGE

CONCORDVILLE, Pa. (AP) — Parallel probes into charges Weldon B. Heyburn was roughed up by two state policemen after he suffered a stroke were assured today by the State Justice Department and state police.

Col. E. J. Henry, state police commissioner, ordered the probe after talking with the wife of Heyburn, 55, former state treasurer and now an independent candidate for the Republican nomination for the U.S. Senate.

Henry also asked the Justice Department to investigate. Atty. Gen. Thomas D. McBride said the commissioner wanted a "free, frank, inclusive and impartial investigation." McBride said he would assign Justice Department investigators to the case after he receives Henry's formal request.

The alleged roughing up occurred last Wednesday. Heyburn was driving along the Baltimore Pike near his home when he was struck. Mrs. Heyburn quoted her husband as saying he was pulled from his car and dragged to the state police car. Police at the time reported Heyburn's car went through a stop sign and he did not halt immediately when they flagged him down. They said he appeared to be in a stupor.

The officers involved were not available for comment.

"John . . . how are we going to heat the bottle for the baby?"

There was anxiety in her voice as she realized that the winter storm had cut off their power . . . and that meant not only no lights but no heat, no hot water and NO WAY TO COOK. What were they to do? How long would the wires be down?

Fortunately for this family the woman next door had dependable Suburban Atlantic States Gas Service and a generous heart. She heated the bottle for the baby. In fact, she cooked dinner for the whole family on her modern gas range. Later, as their house grew colder, she invited them to spend the evening in her warm, comfortable gas heated home.

Next time, this young couple will be prepared. They phoned Suburban Atlantic States Gas Service and asked to have a representative call at their home to tell them the Suburban Atlantic States Gas Service story of gas installations . . . dependable modern gas service beyond the gas mains . . . and modern gas appliances that operate at all times.

If YOU live beyond the gas mains and do not have dependable gas service why don't you inquire about Suburban Atlantic States Gas Service. Do it today. There's no obligation, of course.

During the social hour last evening, a hat social was enjoyed and refreshments were served.

Speculate New Red Premier May Replace Bulganin Soon

AP Foreign News Analyst

Speculation is mounting in Western circles that a new premier may be installed in Nikolai Bulganin's chair when the Soviet Union's new Parliament convenes tomorrow in Moscow.

Rumors have been cropping up for more than a year that the bearded traveling companion of Communist party boss Nikita Khrushchev was on the way out. Some diplomats reason that a session of the Supreme Soviet (Parliament) would be a logical place to open the trapdoor if the 62-year-old veteran Bolshevik has been marked to go.

If Bulganin is dropped, his successor may be Alexei I. Kirichenko, 50-year-old former first secretary of the Ukraine Communist party and long one of Khrushchev's top aides.

Recently Elevated

Kirichenko, a full member of the party's ruling Presidium, rose to the top echelon last December when Khrushchev made him a member of the party Central Committee's secretariat.

Speculation that a shakeup was in the wind heightened when Moscow radio broadcast a list of Soviet officials attending a dinner for

U.N. Secretary General Dag Hammarskjöld. Bulganin was not mentioned.

The Kremlin itself has given no hint of any shakeup. Doubt over Bulganin's future rose anew in connection with the election last week of the more than 1,300 members of the new Supreme Soviet.

Bulganin Lost Out

Under party tradition, each Soviet leader is offered a number of candidacies from which to seek his Supreme Soviet seat. He picks his district. The number of candidacies is a measure of his prestige.

Khrushchev received more than 600 nominations. Second place went to the 77-year-old figurehead President, Klement Voroshilov, and third to Kirichenko, who got more than 200. Bulganin was virtually out of the running. Instead of the Moscow district he previously represented, he wound up as candidate from a remote area.

Many believe Bulganin may face belated punishment for his reportedly lukewarm stand in last year's "anti-party" purge.

There were reports he had not been very firm in support of Khrushchev during the crisis.

FIVE DROWN IN PLANE CRASH

MIAMI, Fla. — A carefree day of shopping in the Bahamas ended last night with a plane crash which drowned three adults and two children.

The only survivor, Floyd Scites, Detroit, was rescued from the Atlantic 2½ miles off Hollywood by a fishing boat.

Scites said he and the Hugh Wilkison family of Dania, Fla., took off from Fort Lauderdale in a rented single-engine plane. They spent the day shopping at Bimini and Nassau and started back about sundown.

About 7:15 p.m., Scites said, Wilkison, 34, who was piloting the plane, commented, "It looks like we're out of gas."

The plane began losing altitude, hit the water and sank within five minutes.

Wilkison; his wife Patricia, 30; their son Dana, 7; Scites' wife Dolores, 30; and their 18-month-old daughter Deborah were drowned.

Scites, who was hospitalized with shock and exposure, said he held little Deborah up until his strength failed him. He reported he could find no life preservers aboard the plane.

WASHINGTON (AP) — A compromise \$2,861,008,793 money bill, including an extra 250 million dollars for soil bank payments, awaits President Eisenhower's signature.

The bill, providing money for a number of federal agencies, was passed by voice vote in both the Senate and House after a conference committee ironed out differences between the two chambers. Both houses had passed it earlier in different form.

GOC SPOTTERS HOLD MEETING

Local spotters of the Ground Observer Corps met on Monday evening in the engine house for their monthly business session with Paul E. Hiltbrich Jr., chief observer and supervisor, presiding. LeRoy Moose, secretary-treasurer, gave his report. T. S. Robert Resau, of the Baltimore Air Defense Filter Center, was present to present the second lesson in spotting under the new ready reserve status. He showed colored slides to assist with the various explanations.

A communication was read from Capt. Joseph Ryan, commanding officer of the Baltimore Filter Center, in which the present award credit system was explained under the new ready reserve set-up. The new system began in January, 1958, when it was arranged that if a ready reserve spotter needs over a half hour to get to and from the spotter station, he will receive credit for one hour; at the end of one calendar month if he has been actively attending the GOC meetings and participating as required, he will receive credit for five hours, thus making it easier for the volunteer spotter to earn his wings. The local spotters will hold their next regular meeting on Monday, April 28 at 8 p.m.

Members of the Carroll-Adams Riding Club will enjoy a card party at the home of Mr. and Mrs. Clyde W. Crouse, Littlestown R. 1, on Friday evening at 8 o'clock.

JEAN LAFITTE: Pirate, Patriot, Colorful Buccaneer; Hero Of The Battle Of New Orleans; Where Did He Come From? Where Did He Go?

By Leighton C. Taylor

There were many stirring and dangerous incidents during the war of 1812. However, we shall mention but two of the most dramatic.

The British had determined to strike at the heart of their enemy by attacking our large cities along the coast.

The first of these expeditions, 4,500 strong, reached Chesapeake Bay early in August, 1814. We hastily collected an army of 500 regulars and 1,500 militiamen including every department clerk who could carry a gun. The British landed some 40 miles southeast of Washington at Benedict on the Patuxent River and marched to Bladensburg, Maryland, a Washington suburb, where the engagement took place. President Madison and his Cabinet were on the field to advise and suggest. Madison was not a soldier; he should not have been there. A little sidelight on Madison, and his famous wife, Dolly, might not be amiss:

Madison was a small, quiet man — a blue-eyed blond who dressed soberly in black. As a fragile youth he wasn't acceptable for service in the Revolution, but his intelligence was of the highest order, and he had an encyclopaedic knowledge of American affairs. He was always reading and writing.

Was Political Heir

How did this scholar and doctrinaire ever become President of the United States? The answer is the all-powerful Jefferson had named him as his political heir. There was really nothing to be said against Madison. He was a patriotic gentleman of honor and integrity. His handiwork, along with Hamilton and Jay, was in the Constitution (they were the authors of The Federalist), and he had taken a large part in public affairs for 20 years — the kind of man who is called in when the chiefs cannot agree as to the historical past, or as to the precise wording of a state paper.

As we have already indicated, the War of 1812-14 was senseless, stupid, and need not have happened. A vigorous, dominating President might have settled peaceably all the disputed points, but the administration was fumbling and vacillating, and its line of policy not clearly marked.

Jolly Young Widow

As for Dolly (Dorthea Todd), she was a jolly young widow living in Philadelphia in 1794. Her husband, John Todd, a lawyer by

profession, had died in the yellow fever epidemic of 1793. She was of aristocratic lineage. One of her sisters had married a nephew of Washington. Dolly had a fresh, pink complexion, fine blue eyes and dark hair. She possessed an intellect that may be described as extremely superficial, but she was otherwise vivacious, pleasant and companionable. Madison 43 (she was 26) met Dolly and immediately fell in love with her. In due course he proposed marriage and she accepted. They were married in April 1794, and thus began a journey for Dolly straight into American history but she didn't know it. She made Madison an amiable, thoughtful and charming wife. With light laughter Dolly could bring political enemies together and make them forget their quarrels. She was never known to read a book, yet when she came down to meet company a book was always in her hand held open by thumb or finger, and her face bore a remote look of abstraction as if she had been called suddenly from a communion with ancient wisdom.

Returning to the Battle of Bladensburg, soon after the fighting began our forces became panic stricken, every man racing against his comrade on the road to Washington. Our entire outfit would have been captured had not a small detachment of Marines stood firm.

Took Famous Painting

Madison left the field early returning to the President's Palace. From there with his secretary he crossed the Potomac into Virginia. Dolly had already gone by his direction taking with her the original draft of the Declaration of Independence, and Stewart's famous painting of Washington which she cut from its frame; also some of the palace's silver. While these events were happening a British-American Peace Conference was settling down in Ghent, Belgium. But no armistice was declared — the war went on while the Peace Commission conferred. The Battle of Bladensburg over, the British rested a couple of hours and then marched to Washington, a village of approximately 8,000 people. First, they entered the Capitol. In the House of Representatives their commanding officer climbed into the speaker's chair and put the question: "Shall this House of Yankee Democracy be burned?" The vote in the affirmative was unanimous, and the torch was applied.

The Presidential Palace, as the White House then was called, was next set on fire with nothing left standing but blackened walls. By the way when rebuilding it after the war the walls were painted white to hide the smoke marks, hence the name, WHITE HOUSE. The Navy Yard and all the other government buildings with the exception of the Patent Office were burned, lighting up the surrounding country. The army then departed to board its ships in the Potomac. The capture of Washington had been so easy that the British were confident of making a prize of the larger and richer city of Baltimore. In this they were sadly mistaken. About the only notable achievement proceeding from this engagement was Francis Scott Key's immortal Star Spangled Banner.

The British loitered in the Chesapeake for two months and then sailed for New Orleans arriving in December, 1814, and it is from here that our privateer-pirate-smuggler-patriot again enters the picture:

Louisiana had now entered the Union — April 30, 1812. Claiborne who had been governor of the territory was governor of the new state by election, and he was particularly anxious to abolish all sorts of piracy and smuggling within the state's domain. In his crusade the Lafitte brothers found themselves in jail, but with local sentiment heavily in their favor they were soon released.

Knew Lafittes' Power

The British commander, General Edward Pakenham, who had distinguished himself with Wellington in the Peninsular War, knew of the Lafittes and of their power in New Orleans; and, in his view, a pirate or buccaneer had his price and would fight for the highest bidder. Accordingly, after his arrival off New Orleans, he managed to arrange a meeting for some of his officers with Jean Lafitte at the latter's headquarters on Grand Terre Island. Jean showed Pakenham's emissaries every courtesy while they proceeded to offer him fabulous awards and more power than he had ever before exercised if he would support them in the forthcoming struggle. Suddenly, while these negotiations were in progress, hundreds of Lafitte's Baratarians appeared from all sides — bearded, fierce looking men heavily armed with pistols, swords, and cutlasses. Seizing the British officers they dragged them to the beach shouting — "Kill the

English apies — turn them over to the Americans." Bedraggled and confused, their elegant uniforms torn and dirty, they crawled into their boats to row to their ship off shore. In their midst stood Jean Lafitte who bowed politely and said: "You see, gentlemen, how my men feel." And that concluded all attempts on the part of the British to bribe the leader of the Baratarians.

Harrison Resigns

General William Henry Harrison, commanding the United States forces, had just resigned, and another future President of the United States, who was to play a phenomenal role in United States history, was made a major-general and placed in command.

All of the British troops in the New Orleans expedition were seasoned veterans with few exceptions. They had been in many battles and were well disciplined. The hastily organized American Army under General Jackson had a commander who had never read a book on military science. He was a son of the frontier with all of the virtues and most of the faults of the backwoodsman. His men, or the greater part of them, were like him without his brains, but well supported with self-reliance, courage, and toughness of fibre. Jackson was then 46 years old. He had been a lawyer (self-educated) and he had served as a representative in Congress from Tennessee.

General Jackson looked over his swarm of disorderly frontiersmen, rude, untanned men with here and there the pale face of a New Orleans clerk. He knew they could shoot; most of them could hit a bear at a hundred and fifty yards, but he knew they would never stand in any sort of military order and face an advancing compact line of British bayonets. They were fighters by instinct, and their instinct told them that when a bear or an Indian came rushing at them the best place for the conduct of further operations was behind a tree. Jackson knew them well — he was one of them. He was certain if he fought a battle in the open that within five minutes every man would be looking for a convenient tree; so he decided to act wholly on the defensive and do his fighting behind breastworks. He had approximately 2,000 men, the British 12,000.

WASHINGTON (AP)—The Senate Rackets Investigating Committee said Tuesday President James R. Hoffa of the Teamsters Union is a betrayer of labor and "dangerous to the country."

In a report prepared for the Senate, the committee described Hoffa as a man with a lust for power who has built "a hoodlum empire" in his giant union. It termed Dave Beck, Hoffa's ally and predecessor, a man who could not resist temptation to engage in "thievery" of the union's funds.

DUTCH PILOT DIES IN CRASH

AMSTERDAM, Netherlands (AP)—A Dutch air force jet returning from the aerial salute to Queen Elizabeth II of Britain crashed Tuesday. The pilot had nursed his crippled aircraft back to his base at Eindhoven but bailed out too late and was killed.

The flier had reported that he was having stick trouble and quit the formation of Thunderstreak fighters which had roared over Elizabeth as she and Prince Philip arrived in Amsterdam aboard the royal yacht Britannia.

Elizabeth and Juliana of the Netherlands, Europe's two reigning queens, exchanged kisses after the British monarch stepped ashore for a three-day state visit.

Juliana was accompanied to the waterfront by her 18-year-old daughter, Princess Irene. Her husband, Prince Bernhard, is recovering from the flu.

SAYS U.S. WOULD LOSE ITS SHIRT

WASHINGTON (AP)—Secretary of State Dulles said Tuesday the United States would lose its shirt if it agreed to a summit conference at the terribly high price he said Russia demands for such a meeting.

At a news conference Dulles accused the Soviets of putting a five-point price tag on a summit meeting. He said flatly the price is too high although he assumes Russia is willing to negotiate it.

The latest note from Moscow has not advanced prospects for a summit conference, Dulles went on. He predicted a continued exchange of propaganda notes would make the outlook for a heads-of-government meeting much worse. The United States, Dulles said, is ready to negotiate through diplomatic channels and possibly a

PROSECUTORS, DISTRIBUTORS AGREE ON PLAN

PHILADELPHIA (AP)—The district attorneys of Philadelphia, Delaware and Montgomery counties disclosed Tuesday they met with representatives of national magazine distributors to set up an agreement to keep so-called obscene and pornographic literature off the newsstands.

The meeting was held last Friday in the office of Dist. Atty. Victor H. Blanc. Also attending were Dist. Attys. Raymond Start of Delaware County and Bernard Di Joseph of Montgomery County.

Representing the distributors were Paul Ross, Chicago attorney, and Barton M. Banks, Philadelphia lawyer, among others. Ross is counsel for the National Review Board of National Distributors.

"System Will Work"

Thomas McDermott, chief of Philadelphia County detectives, who has assisted Blanc in banning certain magazines from newsstands here on grounds they violate the city's obscenity law, said that Berk's and another person to be named had been designated as "readers" to check magazines before distribution and decide whether they should be allowed on the newsstands.

"The magazines are then sent to the offices of each district attorney and each can disagree with the action of the readers and proceed as he wishes under his community's obscenity law," McDermott said, adding:

"We think this system will work out." The distributors are cooperating.

foreign ministers meeting and issues no ultimatum on its own requirements for a top level meeting.

CLAIMS POLICE STRUCK HEYBURN

CONCORDVILLE, Pa. (AP)—The wife of former State Treasurer Weldon B. Heyburn said Tuesday there are witnesses who saw state troopers "rough up" her husband after he suffered a slight stroke last Wednesday.

Heyburn allegedly told relatives and friends that two troopers pulled him out of his car, struck him on the head with the heel of their hands and knocked off his glasses.

Heyburn, 55, independent candidate for the Republican nomination for U.S. senator in the May primary, suffered the stroke while driving on Baltimore Pike near his home here.

The state troopers said Heyburn's automobile passed a stop sign and that he did not stop when they flagged him down. They reported sounding their siren to no avail, and said Heyburn appeared to be in a stupor when they finally stopped his auto.

HARRISBURG (AP)—Newspaper circulation men agreed Tuesday that including their publications in school libraries will eventually help give students a sense of dependency on the daily press.

David M. Turner, president of the Pennsylvania Newspaper Publishers Assn. and head of the Tompkins Print Co., said cooperation with school officials would help keep students informed on daily affairs through newspapers.

AMERICA'S FAVORITE FAMILY WAGON...PLYMOUTH

Plymouth carries more . . . does more . . . provides more family fun than any other wagon in the low-price 3 because it's BIGGEST IN THE LOW-PRICE 3. You can't buy bigger at any price!

Maybe you're a station wagon family right now. More Americans are each day! But do you know all the really astonishing facts about the Plymouth wagon . . . how much more it gives you than other wagons, at a low budget price?

Size alone is only part of it! The Plymouth wagon is big as wagons in the high-price field that cost \$5500 and more . . . but, in addition to extra size, this glamorous beauty offers a wagonload of other features that are exclusively Plymouth in the low-price 3!

You simply can't get 'em anywhere else in the field. And once you try them . . . learn how little the years-ahead Plymouth wagon costs . . . you'll never settle for less! Why should you? Your Plymouth dealer has the money-saving story, and he's waiting for your visit.

5 big reasons why your wagon should be a Plymouth:

- 1 BIGGEST OF THE LOW-PRICE THREE:** Big as wagons costing thousands of dollars more. You can't buy bigger at any price! 122" wheelbase.
- 2 HOLDS SO MUCH MORE THAN THE "OTHER TWO":** Over 7 cu. ft. more passenger and cargo space. Extra "secret luggage" compartment in 6-passenger models.
- 3 REAR-FACING 3rd SEAT:** Folds flush into the floor; you don't have to store it outside when it's not in use. Easy to enter.
- 4 DISAPPEARING REAR WINDOW:** Rolls down into tailgate. Doesn't get in the way. Only Plymouth has it in the low-price field.
- 5 TORSION-AIRE RIDE—AT NO EXTRA COST:** Only on Plymouth in the low-price 3. Big-car luxury. No sideway on turns or nose-dive on stops.

SHOUT
the wonderful carpet news about amazingly resilient
FIRTH TUFTWOVEN® ACRILAN*

Ladies, this news is too good to keep to yourselves. Every woman in the market for a new carpet will want to know the facts about Firth Tuftwoven Acrilan Ming Crochet. And the fact is that the thickly looped pile of Ming Crochet will stay luxuriously thick and springy years longer than any carpet you've ever known. It's all due to Acrilan, the amazing fiber discovery from which it is made, and the revolutionary Firth Tuftwoven process. Because Acrilan is the most resilient carpet fiber known to man, the pile never will mat down, never look trampled. And because Acrilan is resistant to dirt and stains, the colors will stay "store-new" clean with little care. The exotic color blends of Ming Crochet were inspired by shades of the Chinese Imperial Ming Dynasty. There are ten of them . . . and we have every beautiful one. See them . . . soon.

WASHINGTON (AP) — This is an A-B-C on President Eisenhower's proposal—sent to Congress yesterday—to extend the jobless pay of people who have used up all the unemployment insurance they're entitled to.

He walked a tightrope to figure this one out. He's bound to run into a fight.

The number of weeks states pay benefits to their unemployed vary; so do the payments.

Complications Set In

To relieve the hardship on the many thousands who have used or will use up their maximum number of weeks, Eisenhower proposes extending the number of weeks for them in all states by 50 per cent.

For example: a man who drew \$25 a week in a state with a maximum of 26 weeks, would, if he had used up his 26 weeks, continue to draw \$25 for another 13 weeks.

Eisenhower asked Congress to vote 600 million dollars for this, with the program to last until April 1, 1959. Complications begin right here. To understand why, look at the system as it works now:

Not Gift But Loan

Employers now, to provide money for the insurance fund, pay a tax on the first \$3,000 of their employees' wages. The federal tax is three tenths of 1 per cent. The state tax varies by states, from practically zero up to 2.7 per cent.

The federal government uses its tax to administer the program. But the tax each state collects goes into its own individual fund. It draws on its fund to pay benefits to its own jobless people.

The 600 million dollars—as outlined by the administration—would not be a gift to the states but a loan. Eisenhower suggests that the states enter into agreements with the federal government to get from the special fund what they need to extend the UI payments of those unemployed who have exhausted their benefits.

But, if the states don't want to agree, then Eisenhower suggests the federal government set up its

MOVE TO SOLVE GARMENT STRIKE

NEWARK, N.J. (AP)—Union and management met in a "neutral area" Tuesday in an attempt to solve a month-old walkout that has idled some 10,000 employees in garment plants in Pennsylvania, New York and Delaware.

The session, held by the National Labor Relations Board, opened in the Post Office Building before hearing officer George Turitz.

The Pennsylvania Garment Manufacturers Assn. has asked the hearing to determine what union represents its employees.

The PGMA wants an association-wide union. In the past, the association has negotiated with two different units of the International Ladies Garment Workers Union.

They are the Joint Board of Dress and Waistmakers of Greater New York in connection with dress production and the Northeast Department for Children's and Women's Wear.

PGMA Counsel Max Rosenn of Wilkes-Barre, Pa., has said that if the NLRB refuses to grant an association-wide unit, the group would seek to establish bargaining representation on a shop-by-shop basis.

The workers—from 315 plants in northeastern Pennsylvania, upper New York and Delaware—are striking for higher wages and other benefits.

The joint board has already negotiated a settlement of the recent seven-state garment strike but most of the PGMA plants refused to go along.

Negotiators decided last week to move here from Philadelphia in hopes of settling the walkout in a "neutral" area.

FOUR PACIFISTS SAIL IN PROTEST

LOS ANGELES (AP)—Four pacifists have sailed again in the ketch Golden Rule to protest nuclear tests in the Pacific.

The 30-foot boat was turned back by a storm when it set out for the Marshall Island area Feb. 10.

Skipper Albert Smith Bigelow, 51, Cos Cob, Conn., said he expects the Golden Rule to reach the test area by May 15-25 and remain there indefinitely. The tests are scheduled between April and August.

Completing the crew are William Reed Huntington, 51, St. James, N.Y.; Orion Sherwood, 28, Poughkeepsie, N. Y., and George Willoughby, 43, Blackwood, N.J.

Fortune Teller Cost Her Husband

CINCINNATI (AP)—A fortune teller cost Mrs. Arlene Clardy her husband, she testified in Domestic Relations Court in seeking a divorce.

"What was your trouble," Judge Carl Rich asked.

"Well, a fortune teller told him to go to Detroit where he could make more money," she said.

"So he went. He'll be gone three years this Fourth of July."

NEW OPERATION MAY SAVE HALF HEART PATIENTS

DALLAS, Tex. (AP)—A Chicago surgeon believes a new operation that stimulates the growth of blood vessels on the surface of the heart could save half the persons who now die of heart disease.

"This is our only hope for substantially reducing the heart death toll until we find the answer to atherosclerosis," the fatty "rusting" inside blood vessels regarded as a major cause of heart attacks, said Dr. M. S. Mazel, who helped perfect the operation.

He said the operation, called a cardioplexy, has been used on 124 heart patients at the Edgewater Hospital, Chicago, with 98 per cent success. All of the last 90 patients have lived. Patients have gone back to work within three to four weeks after surgery.

Describing the operation to the American Academy of General Practice, Dr. Mazel said the sac containing the heart is opened and scraped. The surgeon then uses an atomizer to spray magnesium silicate, a white powder, over the heart's surface.

Power Goads Heart

The powder produces a severe inflammatory reaction that goads the heart into growing new blood vessels to feed the original coronary vessels.

The powder is allowed to remain on the heart, Dr. Mazel said. It constantly irritates the surface of the heart into producing new blood vessels but causes no discomfort to the patient.

The additional blood supply increases the patient's chances of surviving a later heart attack.

Dr. Mazel stressed the operation is not "in any sense a panacea for the treatment of all cases of coronary artery disease." But it can be of great help to many, he said.

Favor State Men For Migrant Work

HARRISBURG (AP)—Pennsylvanians will be given preference in the hiring of seasonal and migrant farm labor this summer, John F. Adams, executive director of the State Bureau of Employment Security, said yesterday.

Adams told a conference on migratory labor problems called by the Department of Labor and Industry yesterday that by hiring local workers, who can be hauled back and forth to their homes each day, many of the problems of housing and overnight care will be minimized.

ADMITS BUYING DEEP FREEZE FOR ARMY OFFICER

SCRANTON, Pa. (AP)—Joseph Bright, a contractor, went back on the witness stand today after admitting he purchased a deep freeze for an officer supervising construction of the Army Signal Corps Depot at nearby Tobyhanna.

Thomas Harris of Trenton, N.J., another witness testifying yesterday at the trial of former Lt. Col. Charles Tucker, said he purchased a combination television, radio and record player for the colonel. But he said his firm, Harris Electrical Construction Co., received no favors from the officer for the gift.

Bright, whose firm, John Bright & Sons of Pittston, Pa., also held a subcontract for the construction, "To Charles from Frank, Mike, said a note with the freezer read: Joe and Nick."

"Who is Charles," Bright was asked?

"Col. Tucker," he replied. Tucker, now retired, is charged with accepting a \$300 freezer. The government says he permitted the gift to influence his judgment as an inspector at Tobyhanna. He was resident engineer during construction of the depot in 1952 and 1953.

A government witness, Morris Ockman of Merion, Pa., invoked the 5th Amendment in refusing to answer questions about the gift to Tucker.

Ockman's refusal apparently took the government by surprise. Oliver Dibble, special assistant to the U.S. attorney general, requested U.S. District Court Judge John W. Murphy to direct Ockman to answer. But Murphy said Ockman was within his rights.

Ockman, secretary-treasurer of the Keystone Cement Co., was asked about the purchase of a freezer by his company for Tucker.

SEEK TRIO FOR \$3,500 HOLDUP

MEDIA, Pa. (AP)—Police have broadcast an eight-state alarm for three men wanted for questioning in connection with a \$3,500 holdup of the Drexelbrook Inn in suburban Philadelphia.

Warrants were issued yesterday for the arrest of Hugh J. Fitzpatrick, 46, of Holmes; William J. McGee, 39, of Darby; and Harry M. Shantz, Jr., 25, of Philadelphia.

Three masked men tied two employees and then fled with \$3,500 from the inn in Drexel Hill. The getaway car was left at the scene of the holdup after the driver rammed the vehicle into a parked car.

Det. Lt. William Gillespie of Upper Darby said papers found in the car, which had been rented, led to the issuance of the warrants.

All the water vapor on Mars equals that found in a box of earthly air two feet wide, two feet long and ten feet high, reports the National Bureau of Standards scientists.

Clubwoman Will Seek Senate Seat

JEFFERSON CITY, Mo. (AP)—Miss Hazel Palmer, president of the National Federation of Business and Professional Women's Clubs, says she will seek the Republican nomination for U.S. Senator from Missouri.

The 55-year-old Sedalia attorney is the first Republican to announce for the nomination.

The seat is held by Democrat Stuart Symington, who is unopposed for nomination to a second term.

EDUCATOR HITS CRITICS WHO SAY SCHOOLS FAILED

By G. K. HODENFIELD
AP Education Reporter

PHILADELPHIA (AP)—An educator lashed out today at "careless, misinformed or deliberately destructive critics who say our schools have failed."

"Crash programs may be appropriate for missile production, but not for teaching children," declared Dr. Anne Hoppock of the New Jersey State Board of Education. "We must not offer up our young, like lambs for the sacrifice, on the altars of our national pride."

"These breast-beating, professional critics," she said, "are trying to sell the American public a bill of goods. Thus far they have failed. But one wonders how long the people can keep a balanced point of view in the face of this widespread campaign to destroy their faith in the public schools."

"Tell Of Deception"

In an address prepared for delivery to the annual convention of elementary school teachers, Dr. Hoppock said: "The people who have been damning public education . . . show little concern that our children are being taught in basements and firehouses, jammed into overcrowded classrooms, operating on double or triple shifts, taught by undertrained and underpaid teachers."

"They just hold forth eloquently about the crisis in education and the failure of the schools."

She urged the 4,000 convention delegates to go home and "tell the people that they are being deceived when they are told the schools have failed. Tell them our American public schools are the best in the world."

Dr. Hoppock said she was

alarmed at the recent burst of enthusiasm for Soviet education. "We are moving toward totalitarianism," she said, "when we 'toughen up' and 'speed up' the program beyond the readiness of the children involved."

Labor Wants More Money For Jobless

HARRISBURG (AP)—The Pennsylvania Federation of Labor has urged that the Congress vote a flat increase in the number of weeks for which jobless workers may receive unemployment compensation.

In a telegram to the state's congressional delegation yesterday, PFL President Joseph A. Mc-

Donough supported the flat increase in preference to suggested federal legislation that would establish a uniform 39 compensable weeks in all states. Pennsylvania now pays a maximum of 33 a week for 30 weeks compared to the average for states of comparable size of 26 weeks at a \$30 maximum.

PHILADELPHIA (AP)—H. Merle Mulloy will succeed William I. Woodcock as vice president and general counsel of the Reading Co. The railroad announced Woodcock's retirement yesterday and the naming of Mulloy. Woodcock, of Haverford, Pa., joined the railroad in 1922. Mulloy, of Media, Pa., joined Reading in 1927 and became general solicitor in 1944.

CLAMOR GROWS AGAINST HIGH BUSINESS TAXES

By SAM DAWSON

NEW YORK (AP) — Chances of business getting much tax relief as a recession remedy aren't of the best today. But the clamor grows against what high taxes are doing to long-term business prospects.

Industry's historic ability to business spokesmen say, both by the high rates and by some of the rules of figuring expenses, and hence taxes.

The arguments run this way: This is a long-range problem and not just a means of easing the current recession. Without new investment there can be few new jobs. High corporate tax rates clip the earnings that business could reinvest in expansion. High personal income taxes, especially in the top brackets, drain one of the past's great sources of risk capital.

Risk Capital Drying Up
Further, even if investment funds are available, a corporation can't attract outside capital if its profits are meager because more than half its earnings go for taxes.

Risk capital is different from investment in corporate bonds or common stock in a going concern. The risk capital which industrial spokesmen complain is drying up goes into new ventures, new products, new services. If taxes make chances of a good profit slim, the argument goes, the investor will prefer to put his money into a sure thing.

The sure things provide today's jobs. But most new jobs of the future will come from new ventures.

Depreciation Rules
Many business leaders, especially in the heavy industries, also clamor for a change in the depreciation rules for determining corporate taxes. They charge that many companies suffer from erosion of capital because present depreciation allowances don't take into account today's higher replacement costs.

They want the rules changed so that they can take depreciation allowances before taxes on what a plant's or machine's value is today rather than on what it may have cost years ago before inflation took its toll.

Fast amortization has helped many corporations to make at least temporary savings on taxes in recent years. This bookkeeping method was permitted by the government usually for plants built on machines bought to further the defense program. Costs could be written off in five years, say, rather than in the usual 20.

Taxes Big Feature
Some think that fast amortization, not necessarily just for defense projects, might help lick the recession. They urge that firms be allowed to write off new plants in five years if they'll dust off now some of the expansion plans temporarily shelved while waiting to see how deep the recession goes. Such expansion could create jobs.

Some businesses have moved to Southern states or to Puerto Rico on promises of lower state and local taxes or none at all for a time.

There are instances of big companies whose plants are a community's mainstay warning the city fathers to economize and hold the

tax line or lose the business. Proposed hikes in state taxes have brought similar warnings from corporations doing a lot of business there.

Many businessmen charge that high taxes just encourage extravagance at every level of government. They argue that a stand against high taxes must be taken sometime—slump or no slump.

WILL ANNOUNCE OSCAR AWARDS THIS EVENING

HOLLYWOOD (AP) — It's Oscar night in Hollywood tonight and the movie capital will roll out its glamor for the award-conferring occasion.

But the somber note of tragedy—death of producer Mike Todd in an airplane crash Saturday—hangs over the festivities.

Todd's widow Elizabeth Taylor is one of the major contenders for the best actress award.

"I don't care whether I win or not," she said last night while flying home from her husband's funeral in Chicago. "I only care what Mike would have thought if I had won."

Seventy of Hollywood's biggest names will appear on the NBC telecast of the award proceedings staged by the Academy of Motion Picture Arts and Sciences.

Clark Gable and Mae West, among others, will be making their television debuts.

Miss Taylor has long been a top favorite in the actress division because of her performance in "Raintree County." Her strongest competition will come from Deborah Kerr ("Heaven Knows, Mr. Allison") and Joanne Woodward ("Three Faces of Eve").

A longshot is Lana Turner, up for her first nomination on her performance in "Peyton Place."

Anna Magnani, a previous winner, is the fifth nominee for her role in "Wild Is the Wind."

In the best actor division, the race is strictly between Alec

Guinness ("Bridge on the River Kwai") and Marlon Brando ("Sayonara").

The distinguished British actor holds the edge because Brando is a previous winner, although "Sayonara" is a prime favorite among women voters of the Academy.

That two-time Oscar winner in the supporting division, Anthony Quinn, is up for "Wild Is the Wind."

The other nominees are Anthony Franciosa for "Hatful of Rain" and Charles Laughton for "Witness for the Prosecution."

The best picture award parallels the best actor race. It is between "Bridge on the River Kwai" and "Sayonara" with "Peyton Place," "Witness for the Prosecution" and "12 Angry Men" also contenders.

Competition for the supporting actor awards is between two comeback artists—Sessue Hayakawa, the old-time silent picture villain, for "Bridge on the River Kwai" and Red Buttons, the former TV comic, for his first dramatic role in "Sayonara."

Favorite for supporting actress is Carolyn Jones for "Bachelor Party."

UNION, MOTOR MAKERS CONFER ON NEW PACTS

DETROIT (AP) — Behind closed doors the General Motors Corp. and the United Auto Workers are trying to hammer out a new contract that may set a pattern for other industries.

"It looks like the same old tale," UAW President Walter P. Reuther, dapperly dressed in brown, said yesterday as he sat down, GM's vice president for personnel, Louis G. Seaton, just as sharp in a gray ensemble, replied, "That's right, Walter, we can't afford new furniture."

Reuther placed his revolutionary profit sharing proposal on the old mahogany table at which the bargaining has gone on at least a decade.

They decided on a policy of

SPECTACULAR DISARMAMENT MOVE EXPECTED

WASHINGTON (AP) — U.S. officials say privately the Soviet government may make a spectacular move on disarmament soon by announcing — without waiting for U.S. agreement — that it is suspending nuclear weapons tests.

These officials also consider possible a Moscow declaration of intent to stop manufacturing nuclear weapons.

The purpose, they believe, would be pure propaganda, capitalizing

negotiating without public statements.

Reuther, who planned to go to Washington, turned over today's negotiation to UAW Vice President Leopold Woodcock, in charge of the union's GM department.

Meet Ford Monday

The talks are expected to continue without a major break until the deadline for contract expiration May 29.

Reuther said he will be on hand Monday to open talks at Ford Motor Co. and the following day at Chrysler Corp.

In contrast to the boom year of 1955 when the present three-year contracts were signed, the 1958 talks have a backdrop of mounting unemployment and 900,000 unsold new cars.

Reuther acknowledged the bargaining climate is unfavorable but said he was "dead serious" in demanding profit sharing. The union asks for workers a fourth of the company's profits above 10 per cent of net capital.

The outside world would have no foolproof way of knowing the Soviets were doing what they said they were doing, but millions might believe it.

New Session Opens

The Supreme Soviet, the U.S.S.R. parliament, will open a new session in Moscow tomorrow.

Meetings of this body have often provided the forum for major policy statements, usually by Soviet Communist party boss Nikita Khrushchev.

The issue of East-West disarmament negotiations, like that of a summit conference, is deadlocked at the moment. Whether and when the deadlock may be broken no one here can say.

Secretary of State Dulles told a news conference that the Soviets

are "seeking to exact a terribly high political price as a condition" even to have a summit meeting.

To Bring New Pressure

If Soviet terms were accepted, "it would mean that on the way to the summit we would have lost our shirt," he said.

The Soviet government might use a dramatic maneuver to put new pressure on the Western powers to accept its disarmament and summit terms.

The State Department has received word from diplomatic sources that Soviet leaders are privately talking about the possibility of singlehanded action in the disarmament field.
